Pipers to Meet Rotan In Opener

The Pied Pipers will open their 1965 football campaign at Rotan Friday night under the direction of new head coach Joe Youngblood. The Pipers and Yellowhammers will collide in the Rotan stadium at 8 p.m.

No reserve seats are available for this game and general admission tickets will be available at the gate.

The Pipers, running from a Wing T offense, will go into the game short on experienced personnel in most positions and will have several sophomores in the starting lineup.

With part of a season's experience, Tommy Ferguson

will lead the Pipers from his quarterback slot. He saw quite a bit of action last year before being sidelined with a broken collar bone at the end of the season. Ferguson is a left-handed senior and weighs 150 pounds.

The balance of the backfield will be light with the heaviest man being Danny Warner at 153 pounds. Warner was a second stringer last year and is running from the fullback position. At halfback will be sophomore Philip Simpson who weighs 130 pounds. And at wingback will be senior Scotty Brown at 142 pounds.

At the ends will be senior James Ledbetter who weighs 190 pounds, a two year letterman, and sophomore Milton Davis at 170 pounds.

Playing tackle will be junior Randy Smith at 170 pounds and senior Mike Rountree at 170 pounds.

The guards will be junior Bobby Moore at 151 pounds and junior Larry McCoy at 170 pounds.

Senior Roger Bell at 150 pounds will hold down the center position.

Coach Youngblood will carry about 31 boys on the traveling squad and says that at least 22 of them will start at either offensive, defensive, or kick off positions.

The Rotan Yellowhammers with eight returning lettermen in their lineup including two whose names are familiar to Hamlin fans—Stephen Baugh and Larry Van Loon. Both boys run from the fullback position with Baugh weighing 180 pounds and Van Loon weighing 180 pounds.

The Yellowhammers will be led by honorable mention all-district quarterback James Tompkins, 5-8, 150 pounds. At halfback will be three year letterman Eddie Edwards, 145 pounds.

Speed and defense are considered to be the strong points of the Rotan squad.

Barbecue Planned

A barbecue will be given for all Veterans of Foreign Wars and their families at 7 p.m. Saturday, Sept. 4, at the Hamlin V. F. W. Post 6014. The event is being planned for all veterans of foreign wars whether they are members or not.

Kay Johnson returned home Saturday from Amarillo where she had been hospitalized since an automobile accident

ONE OF THREE ADDED ROOMS — A study hall and two class rooms were added at the high school this summer by petitioning off the old gymnasium at the north end of the high school building.

The temporary rooms were devised by the school officials to help take care of the increased enrollment this fall.

Local Schools Receive Approval for Federal Aid

Superintendent C. F. Cook received a letter this week showing approval of the school's plan for desegregation.

The letter from Francis Keppel, U. S. Commissioner of Education, Washington, D. C., said in part "On the basis of our review of the plan, particularly of the provisions made for the school year 1965-66, I have determined that the plan is adequate to accomplish the purposes of the Act and

the Regulation of the Department of Health, Education, and Welfare. The plan therefore provides a basis for the approval of applications and for the payment of Federal financial assistance at this time."

The local school was originally set up to open the fall term with only the high school completely integrated and the other grades to be on a freedom of choice plan.

Last Tuesday evening, the first and second grade teacher at Oscar DePriest School, Mrs. Dollye P. Gilbert, resigned making two to leave the faculty prior to school opening. This necessitated the integration of the first grade and also the seventh and eighth grades.

Mrs. Gilbert resigned to go to Brownwood and the other teacher, John Mayfield, has moved to Odessa where he and

his wife will be teaching in Blackshear Elementary School. At the Odessa school Mr. Mayfield will be teaching social studies and some coaching.

Total enrollment of all schools reached 1035 by noon Wednesday. Students in the various schools are as follows: high school, 303; junior high, 255; elementary, 151; primary, 263; DePriest, 63 (grades 2 through 6).

Monday, Labor Day, will be a school holiday.

Golf Club Plans Tourney Here

A Labor Day Week End Golf Tournament is being planned by the Lakeview Country Club Sunday and Monday afternoon, according to Joe Ford, chairman.

It will be a Low Ball partnership tourney for local and city players. It will be an 18 hole match Sunday and 18 holes Monday with Sunday's play counting as a qualifying round and also on the two day's total.

All local men are invited to play in the tourney and the entry fee will be \$3.00 with golf balls given as prizes.

Bridge Winners

Mrs. Preston Morrow of Rotan, Mrs. Floyd Briscoe were first in Tuesday evening's play at the Hamlin Duplicate Bridge Club meeting. Mr. and Mrs. Henry Albritton were second, Mrs. Joe D. Cowan of Dallas and Mrs. Muri D. Smith were third.

Receive Degrees From ACC Friday

Mr. and Mrs. O. E. Brandon attended the graduation exercises last Friday night at Abilene Christian College, Abilene, when their daughter, Mrs. Judy Thomas, was one of the honor graduates. She received her master of education degree.

Two other Hamlin ex-students received degrees at this time. Myra Siburt, also an honor graduate, received a bachelor of arts degree, and Lavere Wilson received a master's degree.

Mr. and Mrs. W. Frank Martin of Monmouth, Oregon, visited her sister, Mrs. Delbert Rountree, and her mother, Mrs. J. F. Drennan, last week.

Amendment Vote Set Here Tuesday In Gym

Texas voters will go to the polls Tuesday, Sept. 7, to decide the fate of the first of several amendments to the state's constitution to be voted on this fall. The amendment, SJR No. 44, if passed will change the Texas Senate from 31 to 39 members.

Only one Hamlin box will be open for this special election, according to Miss Lennie Greenway, election judge. All Hamlin voters will vote at the High School Gymnasium.

Charles Reed New Winn's Store Manager Here

Charles Reed, new manager of Winn's Store, assumed responsibilities here this week replacing Leland Preiss who is moving to Georgetown to manage a new store.

Mr. Reed has had five and one-half years experience with Winn's Stores and was manager of the store at Killeen until it was closed earlier this year.

The new manager is a native of Graham and his wife, the former Elaine Turner, is from Rotan. They are members of the Church of Christ. The couple lives at 126 Southwest Second St.

Mr. and Mrs. Preiss and children will move this week and he will report to his new position Labor Day to prepare for the opening of the new store in the near future.

Jones and Taylor Seeking to Hire Probation Officer

County Judge Leon Thurman, Taylor County Judge Roy Skaggs and two district court judges, J. R. Black of 42nd District Court, and Owen Thomas of 104th District Court met in Abilene Monday to discuss the possibilities of the two counties working together in hiring a probation officer.

Under terms of laws passed by the recent legislature, there will be no more suspended sentences. Rather, sentences will be probated with the defendant having to report to a probation officer. This will be true in county and district courts.

Taylor County already has one probation officer, but with the new legislation the one man will not be able to keep up with all the work. It is hoped that an assistant can be hired for him and Jones County could use this assistant and share in the expense.

Football Shoes

Anyone having good used football shoes suitable for seventh and eighth grade boys to use may take them to Junior High Coach Grady Allen.

Hamlin Scouts Tie In District Swim Meet at Haskell

Boy Scouts of Troop 43 made a good showing Monday night at the Northern District Swim Meet held in Haskell by winning two firsts, three seconds and being tied with the Haskell troop for first place in the overall meet.

There were approximately 100 boys entered from throughout the district.

Charlie Shira was first in the free style swim. Winning first in the medley relay were team members Chris Perrin, breast stroke; James Holt, crawl; Shira, back stroke; and Greg Perrin, side stroke.

Those placing second in the following events were: Gary Smith and Shira, two arm buddy race; Smith, Don Colley, Tony Lewis, G. Perrin, James Holt and C. Perrin, free style relay; Smith, Colley, Shira and Holt, towel rescue relay.

Other boys entering in the meet were Robert Sanderlin, Leldon Clifton, Mike Acklin and Virgil Turner.

Adults accompanying the boys were J. O. Murphy, Scoutmaster; Floyd Smith, assistant Scoutmaster; Melvin Scott, F. E. Turner and Ed Lewis.

Band Instruments

Tim Jones, band director, said this week that parents who have used band instruments that they wish to sell may contact him or take them to the high school band hall.

RAIN
Rainfall Tuesday evening amounted to .23 at the city pump station.

COMMUNITY CALENDAR

Thursday, Sept. 2—
7:30 p.m. Explorer Scouts at Scout Hut.

Friday, Sept. 3—
8 p.m. Pipers play Rotan there.

Thursday, Sept. 9—
7:30 Parent-Teachers Association meeting Primary Cafeteria.

To place coming events in this column call SP 4-1606 by 9 a.m. Wednesday.

PIPER PATER COLUMNISTS—Writers for Piper Patter who will be recording activities of Hamlin High School are standing, left to right, Pat Pope, Jane Ferguson and Helen Moore. They will be assisted by Mrs. Charles Scott, faculty member, in compiling the news each week for the Hamlin Herald.

Three High School Girls to Write Piper Patter Column for Herald

Piper Patter, a weekly account of Hamlin High School activities published as a special feature of the Hamlin Herald, will be written this year by Pat Pope, Jane Ferguson, seniors, and Helen Moore, junior.

The girls will be aided by Mrs. Charles Scott as an advisor.

Pat, daughter of Mr. and Mrs. Dan H. Pope, is in the pep squad, having been majorette and this year is head majorette. Other activities have included Sophomore Class lady-in-waiting, Future Homemakers of America member for three years; basketball

cheerleader; Junior Play student director; and has attended summer twirling schools at S.M.U. two years. She is now a contestant in the Jones County Cotton Queen Contest.

In addition to her school interests and church work, Pat likes to write poetry.

Jane, daughter of Mr. and Mrs. John D. Ferguson, is a member of the band, Library Club, Spanish Club, and F.H.A.

She also served as F.H.A. reporter; was in the Jones County Play and One Act Play, attended the Attorney General's Youth Conference and is a contestant in the Jones County Queen Contest.

She attended twirling school two summers.

Helen, daughter of Mr. and Mrs. W. L. Moore, is a member of the Student Council, has been pep squad cheerleader two years, was reporter for the sophomore class, has been a member of F. H. A. for two years and has received the junior and chapter degrees.

She attended summer cheerleading schools at Texas Tech one year and S.M.U. one year. She enjoys reading and making new friends.

These girls will be taking care of reporting the news from the high school and reporters of all organizations and classes are being urged to get their news to them as soon as possible each week.

Ladies Golf Meet Winners Named

Winners in the Ladies Golf Tournament held Tuesday have been announced by the Woman's Golf Association, sponsors of the invitational event. There were 26 entries from Hamlin and surrounding towns.

Winners in the 18-hole event were Mrs. Byron Bell, low gross; Norma Reeves of Sweetwater, low net; and Mrs. Sam Ferguson, low putt. All received prizes. Special awards went to Mrs. Tommy Newman of Matador, and Mrs. Billy Robinson of Sweetwater.

In the nine-hole event, winners were Mrs. C. L. Cromwell of Stamford, low gross; Mrs. Odell Harbert of Knox City and Mrs. E. D. Perrin, tied for low net; and Mrs. Harbert, low putt. Special awards in this event went to Mrs. David Casey and Mrs. Jerry Waggoner.

Grand Jury to Meet

Grand jury of 104th district Court will convene Tuesday, Sept. 7, and will be charged at 9 o'clock by Judge Owen Thomas. The jury list had not been received Monday by District Clerk W. L. McDonald.

Tuesday also will mark the beginning of the September term of court.

MARY LOIS PATTERSON
... receives B&PW award

POLISHING UP FOR FRIDAY NIGHT — Tim Jones, high school band director, works out the marching Green Tuesday morning getting ready for their performance Friday night at Rotan. The 85 piece band will take to the field at half time Friday night for their marching debut of the 1965 season.

by Mrs. Elmer Joiner

August is about gone, one more day and it will be September. There is a cool breeze blowing this morning with a hint of fall in the air, but by mid day it will probably be real summer again. We can hardly realize that summer is almost gone, our lives are going faster and faster, we don't have to get up in space for time to pass too swiftly. School started this morning almost everywhere, so all vacations are over, every one gets down to the old routine again.

It seems that all vacations are over but for the pastor's wife, she says she hasn't had hers yet. Of course she went to Abilene, spent several days in an air conditioned room, waited on day and night, then brought home a million dollar bundle, but she didn't count that a vacation. I agree with her there, and think she should get a little time off for giving her family the little son and brother that they are so proud of. Seriously, the pastor's family will be gone next Sunday, he is going to see about getting a team from Hardin-Simmons for the day.

Twenty-eight persons were present last Wednesday night, when the church met at the park in Hamlin, for an ice cream supper, which was our family night for August. All the ice cream that we could eat, with cake, was on hand, some being carried home. We were glad to have our Nazarene friends, Mr. and Mrs. M. S. Johnson, after their church services were over.

After the ice cream supper Wednesday night, most of the same crowd, attended the fish fry, at Radium Gin. We didn't hear of any one being sick but after two nights of such eating, it is surprising that some were not. Mr. Madgean Rainwater, owner of the Radium gin, sponsored the affair, having all the fish, beans, potato salad, onions and peach cobbler that could be eaten. We especially want to mention the coffee, it was delicious, along with all the other food being so good, most of us made a pig of ourselves.

The H. L. Ford family went the first of the week, to Denton, for Nancy who will be

at home until school starts September 13.

Last Wednesday morning I took off to Anson Hospital to visit friends there. After visiting with Mrs. Bob Barksdale in the hospital, found that Mrs. R. E. Ray had gone home, so visited with her at home. Mrs. Barksdale, the former Beadie Brown, had gone for an allergy a few days, and in walking down the hall ran over some scales, falling and badly injuring a knee. She seemed to think it very ironic that she is county health chairman in Home Demonstration work, which works closely in conjunction with safety. Mrs. Ray was seriously ill for about eighteen hours, but is much improved, she almost had a stroke.

Mr. and Mrs. Roy Watts went to the Watts reunion at Lake Fort Phantom Sunday. We reported a few weeks ago that they went to the Watts reunion at Sherman, but we had our wires crossed, it was the Holloway reunion.

Mr. and Mrs. George Wainwright had their little grandsons, the sons of Mr. and Mrs. David Higgins, Abilene, for a few days visit last week.

Mrs. Tanner, mother of Mrs. Leverett, came over from Abilene over the weekend to help fix peas, having returned home before Sunday.

Mr. and Mrs. Fred Rosenbaum were visitors of Mr. and Mrs. Thomas Moss of Anson, again last Friday afternoon. Mr. Moss has never recovered from the injury he received when a ladder fell on him in the post office at Anson.

Mr. and Mrs. Mel Jones were Sunday afternoon visitors of the Winslow Grays. Saturday guests of the Grays were Mr. and Mrs. Aubrey Skipper, of Alvarado, Texas, and his parents, Mr. and Mrs. E. C. Gray. Mr. Skipper is a sister of Mr. Gray and daughter of the E. C. Grays. Mrs. Fred Rosenbaum visited with Mrs. Henry last Tuesday afternoon. Mrs. Henry reported that was all the company she had last week, if you read last week's column she had company all the week before.

Mr. and Mrs. Joe Ford are planning big things on Sept. 12. We won't tell what it is, will let them announce it. Last Monday night Rev. and

GETTING IN PRACTICE — Lane Fletcher, left, and Don Gregory, got in a little practice before dove season opened Wednesday as they teamed up in the Hamlin Jaycee Trap Shoot Sunday afternoon. The shoot was held at the City Airport.

Mrs. Leverett, attended the Double Mountain Area banquet, held at the Cliff House, in Stamford, for the pastors and their wives, of the area. The speaker for the evening was Dr. T. A. Patterson, who is executive secretary of the Texas Baptist Convention.

Mr. and Mrs. Woodrow Goodwin visited Sunday afternoon with Mrs. Howard Roberts, in the Hamlin Hospital. Mrs. Roberts lives east of Anson, where they and the Goodwins once lived neighbors.

We are all anxious to get a report from Mrs. Earl Herbst on her trip to Hawaii. We heard some friends make the remark that she wouldn't go, but she fooled us all and really did go. She was accompanied by Mrs. Watts Fletcher, who also fooled us, and Miss Carol Joe Simpson. It must have been a wonderful experience, it would be an idea to have them tell us about it some family night.

Mr. and Mrs. Runt McCoy were Saturday night visitors of the Elmer Joiners. Kay and Larry had gone to Lubbock for the weekend. Kay will soon be back in Texas Tech again.

OLD GLORY...

By Judy White

Mr. and Mrs. Louis Spitzer attended commencement exercises at Texas Wesleyan College in Fort Worth on Friday, August 27, when their daughter Mrs. Norma Jean Lehrmann, received her Masters Degree in elementary education.

Mrs. Lehrmann is a first grade teacher at Worth Heights Elementary School in Fort Worth. She has two sons, Larry 13 and Greg who is 8 years old.

Mr. and Mrs. C. T. Pierce and daughters, Donna, Debbie and Denise, returned last Friday from Bicknell, Indiana, where they visited Mrs. Pierce's parents, Mr. and Mrs. Gerald Koonrod.

Old Glory school opened last Monday morning for another session with one new teacher in High School. He is Delwin Whitmire from Spur a recent graduate of Texas Tech. Mr. Whitmire is a nephew of Allen Davis. His mother is the former Willie Mae Davis. He will teach math.

Variety Club: The ladies of the Old Glory Variety Club and their families enjoyed an ice cream supper last Saturday night at the home of Mr. and Mrs. Cliff Cholsen. Sixteen were present. Games of 84 were played.

The club will resume its meetings on Sept. 14th for an all day quilting in the home of Mrs. A. R. Sawyers.

People from Old Glory who attended the Sagerton Appre-

ciation Day barbecue last Friday night sponsored by various Rule civic organizations want to say thank you.

Mrs. Herta Mischer of Abilene was here last week visiting with relatives and friends.

Mr. and Mrs. Richard Johnson and children, Tim and Julie, of Garden City were here last weekend visiting his parents, Mr. and Mrs. Bunyan Johnson.

Mr. and Mrs. Henry Schmidt and Paul and Ernest Bredthauer attended a family reunion at Cisco on Sunday, August 22.

Mrs. Andrew Anderson of Lueders spent several days with Mr. and Mrs. Henry Schmidt and Paul and accompanied them to San Angelo where they visited friends.

Mrs. Benno Erdman and Mrs. Buster Tredemeyer are in Lamesa at the bedside of their sister, Mrs. Joyce Cleveland, who is very ill in a Lamesa Hospital. Mrs. Cleveland, is the former Joyce Lehman and attended Old Glory School.

Larry and Gregg Lehrmann of Fort Worth are here this week visiting their grandparents Mr. and Mrs. Louis Spitzer.

Mike Shivers, Danny Niederken, and Mary Lois Patterson attended the college student week at Glorieta Baptist Assembly at Glorieta, N. Mex.

Federal Land Bank THE HAMLIN HERALD To Pay Dividend

Hamlin, Texas, Thursday, Sept. 2, 1965

Dividend payments totalling approximately \$31,500, will be paid to members of the Federal Land Bank Association of Haskell, Manager Joe Harper announced today. Harper said dividends representing 10 per cent of Association Members' stock of record as of July 31, 1965, would be mailed to 825 members on or about the first of September.

The Haskell Association is one of 73-farmer-rancher owned Associations in the State of Texas, which is served by the Federal Land Bank of Houston, and makes long-term, low interest loans to farmers and ranchers in Haskell, Jones, Baylor and Knox Counties.

The Association is served also by Assistant Manager, Felix Copeland, who maintains the association office in Seymour, Texas. The main office of the Association is located in Haskell, and a part-time office is maintained in Anson.

STUDIO OPENS

Mrs. Johnnie Monikes has announced the opening of her studio in piano, guitar and accordion on Wednesday, Sept. 1.

famous Carrier central AIR CONDITIONING

\$568

as little as installed*

Just because Carrier is the recognized leader in air conditioning, some people have the mistaken idea it costs more. The truth is, you can have world-famous Carrier air conditioning in your home for about what you'd pay for ordinary, compromise brands! And it will be installed by air conditioning specialists, not general merchandisers! Our experienced installers do the job right to begin with... and back it up with a written guarantee of temperature and humidity conditions to be maintained. You'll enjoy years of top performance and low operating costs only fine equipment, properly applied and expertly installed can deliver.

*The price quoted as an example is based on a typical 1400 square foot home installation where adequate central heating and electrical facilities exist. While each job differs, this low price is typical of Carrier installations. Included In The Price: Carrier Weathermaker Air Conditioner / 38 GA 002 condensing unit with 28 BA 002 cooling coil and casing / 25,000 BTU, ARI Certified Capacity / Expansion device / 18' of insulated refrigerant piping / combination thermostat / installation by specialists in air conditioning

■ INSTALL NOW BETWEEN COOLING AND HEATING SEASONS — THE TIME TO REMODEL ■ DEFERRED PAYMENT, FIRST PAYMENT DUE NEXT YEAR OR NO MONEY DOWN — UP TO 5 YEARS TO PAY ON FHA TITLE ONE!

NUNLEY PLUMBING AND AIR CONDITIONING

GET READY FOR THE NEXT EVENT — Guy Weaver, Bill Early and Dan Truelove, left to right, talk over the next event at the Jaycee Trap Shoot Sunday afternoon. Weaver operated the trap part of the afternoon. Early is president of the local club and Truelove was project chairman for the event.

AGE FOUR **THE HAMLIN HERALD**
Hamlin, Texas, Thursday, Sept. 2, 1965

YEARS AGO...

FIFTY YEARS AGO
D. J. Payne left Sunday by the "Katy" way for New York to purchase a new line of dry goods. Mr. Payne makes two trips a year to this market. He will stock his store with the best and latest goods.
Now Watch Hamlin grow (editorial)
The community that patronize home institutions will live and prosper. The one that clings to the mail order man more often faces certain commercial disintegration, stagnation and death. Resolve today that you will never again deal yourself and your community a body blow by sending your money away to the mail order man. Stick to home and home will stay by you, and your combined energies will bring victory from defeat and prosperity from disaster.
The editor suggests that for fall and winter buying you just call upon your home merchants and see if they cannot supply you with what you want acceptably as any other man or set of men anywhere. They can do it and WILL do it. Hamlin has firms who are ready to meet the mail order man on his own ground and on his own terms. They are worthy of your support and you are too good a citizen to pass them by.
Payne and Pluto received another car those beautiful Maxwell autos last week. They also have a new model Oak-

land, which is the pride and greyhound of this city. All these are on display in their saleroom.

TWENTY-FIVE YEARS AGO
Sept. 6, 1940
W. C. Russell, cashier of the F and M National Bank, is in the State University for a "Short Course" in Banking mysteries. This course is sponsored by the Texas Bankers Association and the University. Ted is supposed to be a "submissive" school boy just a few days.
Tommy Flenniken celebrated his third birthday Aug. 28 in his home when his mother, Mrs. T. W. Flenniken, entertained a number of his little friends with a lovely party.
Miss Gladys Maxwell, social worker for W. P. A., has been transferred to Post following a reshuffling of the district. The Hamlin office has been closed.
Claude H. Chastain was here a short while visiting with his parents, Mr. and Mrs. C. R. Chastain, this week. Claude H. left Wednesday for Kirksville, Mo., where he is to start his second year as a medical student.
Mrs. Charlie Sellers and daughter, Margaret Ruth, returned this week from Dallas where they had gone for a check-up on Margaret's leg which was injured several years ago in an auto accident.

FIFTEEN YEARS AGO
Sept. 1, 1940
Completion of a real estate transaction Wednesday brought the spotted career of the Hamlin Hatchery to a definite close when the building was sold by Stan and Art Carmichael to Grant Long, a Hamlin resident.
Sylvester Public School has a new roof according to a report made by J. H. McHaney, superintendent. School opening will be Monday, Sept. fourth.
A farewell party honoring Mr. and Mrs. O. G. Harvey was given by the Hamlin Chapter of the Order of Eastern Star 460 at the Masonic Hall Tuesday at 8 p.m.
Mr. and Mrs. J. W. Gay, editor of the Moody Courier, brother of Mrs. O. L. Jenkins, and Miss May Gay spent the week-end in Hamlin visiting relatives.
A magnetic nail picker was used by the Texas Highway personnell to remove several hundred pounds of nails and other iron from Jones County roads, in an effort to decrease flats.

Hide Keys in Hub Cap
Taking car keys on a long hunt can cause problems. While changing pants or when sitting down you may lose the keys.
Here's how to lock your car and still have keys handy. Just pry off a hub cap, toss the keys inside and replace the cap. They will be there when you return.

BAROMETER for the FUTURE

Webster says that a barometer is an instrument measuring the weight or pressure of the atmosphere, foretelling and measuring changes of weather and altitude.
If God were to place a barometer on our lives, would we be cold, lukewarm, or on fire for the Lord. The past we can not change... the future is up to us.

"...what doth the Lord thy God require of thee, but to fear the Lord thy God, to walk in all His ways, and to love Him, and to serve the Lord thy God with all thy heart and with all thy soul." ATTEND CHURCH REGULARLY

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

MRS. WAYNE N. CLARK
... formerly Barbara Cheshier

Barbara Cheshier, Wayne Clark Exchange Vows Here Saturday

Barbara Ann Cheshier and Wayne Newell Clark, both of Fort Worth, exchanged wedding vows Saturday evening at 6 p.m. in the Hamlin Church of Christ.

The bride is the daughter of Mrs. W. J. Cheshier Jr. and the late Mr. Cheshier. The bridegroom's parents are Mr. and Mrs. L. N. Clark of San Antonio.

Officiating minister was Mr. Harry Tansil of the local church.

Attendants were Mrs. Arthur Gilbert of Fort Worth, matron of honor; Mrs. Donald Gene Cheshier of Sweetwater, aunt of the bride, bridesmaid; and Crystal Joye Cheshier, sister of the bride, junior bridesmaid.

Donald Edward Clark of Kerrville was best man for his brother. Groomsmen were James McGinnis of Fort Worth and Albert Almonza of Jourdanton.

Candles were lighted by Helen Elizabeth Penzenik of Mineral Wells, and Latina Mignon Crawford of Merkel, both cousins of the bride.

Debra Jo Penzenik of Mineral Wells, cousin of the bride, was flower girl.

Given in marriage by her uncle, Donald Gene Cheshier of Sweetwater, the bride wore a formal gown of white tulle and tulle with tulle. The fitted bodice featured a round neckline, long tapered sleeves and was closed in back with soft buttons. The slender skirt accented with beaded lace appliques extended to a chapel train. Her veil of tulle was attached to a neoprene of peau de soie. She carried an orchid atop a white Bible.

Ruth Class Meets With Mrs. Lee

The Ruth Sunday School Class of Central Avenue Baptist Church met with Mrs. Harold Lee Tuesday.

Mrs. A. G. Anderson gave the devotional and Mrs. Lee gave the Bible quiz.

Aprons with favorite scriptures were exchanged. Mrs. Henderson Clark gave the closing prayer.

train. Her veil of tulle was attached to a neoprene of peau de soie. She carried an orchid atop a white Bible.

The reception followed in the Fellowship Hall.

After a short travel trip the couple will live in Fort Worth. The bride is a graduate of Hamlin High School and Commercial College in Fort Worth. She is employed as a legal secretary in Fort Worth. Clark, a Certified Public Accountant, is a graduate of the University of Texas.

Women's Forum Hears Program On World Trips

The International Affairs Program for Hamlin Woman's Forum was presented Tuesday afternoon at 3 p.m. by Mrs. A. A. Hackley and Mrs. E. E. Monkres.

The women presented colored slides and commentary of their trips throughout the world.

During the business session, with Mrs. Jack Vaughan, president, presiding, the Hamlin Jaycee-ettes were elected to membership in the Forum.

The next meeting will be Nov. 30 at 3 p.m. The Hamlin Garden Club will present the program.

Coaches Wives Honored with Coffee Thursday

Wives of the coaches in Hamlin Public Schools were honored Thursday evening with Mrs. Jack Vaughan, president, presiding, the Hamlin Jaycee-ettes were elected to membership in the Forum.

Introduced were Mrs. Joe Youngblood, Mrs. Pat Hughes, Mrs. Earnie Reusch, Mrs. Grady Allen and Mrs. Dan True-love.

Co-hostess with Mrs. Williams were Mrs. Lane Fletcher and Mrs. Eddie Offield. Refreshments of cheesecake and coffee were served to twenty guests.

Hackberries harbor many pests.

WE WILL BE CLOSED MONDAY, SEPT. 8TH LABOR DAY

Eleven Local Girls to Compete In Cotton Festival Queen Contest

Hamlin's participation in the Jones County Fair, Sept. 10-11 will include 11 candidates for the County Cotton Festival Queen title. Winner of the contest will be sent to the state contest at the State Fair.

The local contestants and their sponsors are:

Shelia Stone, McDonald's Department Store; Sue Roddy, Hamlin Farmers' Compress; Kay Hodnett, Hamlin Farmers' Co-op Gin; Judy Jenkins, Bryant Insurance Agency; Sherilynne Witt, Plains Co-op Oil Mill, Hamlin Division; Pat Pope, Frank's Department Store; Glenda Hudspeth, Hamlin Fashion Shop; Donna Compton, Farmers and Merchant National Bank; Lynn Brannon, Heidenheimer's of Hamlin; Margaret Ann Johnson, Feagun Oil Company; and Jane Ferguson, Pied Piper Mills.

Feature events of this year's fair in addition to the Queen Contest, will be a livestock and crop show with a large entry list and an open horse show composed of both halter classes and performances classes.

The livestock show will be held Friday, Sept. 10, with judging of rabbits, poultry and crops slated for 8:30 to 9:30 a.m. Halter classes in the horse division will be judged Saturday beginning at 9 a.m. The performance show will start at 2 p.m. with the youth division flag racing, western pleasure, pole bending, reining and barrel racing and end with similar events in the open division.

The Cotton Queen judging and coronation will be held Saturday evening starting at 7:30 with over 20 contestants to be presented on an outdoor stage. The queen contest will be staged under the direction of Mrs. Brad Rowland and the various candidates will be sponsored by business concerns connected with the cotton industry. FFA chapters, home demonstration clubs and other interested in the growing, processing and marketing of cotton and cotton goods.

Livestock entries, except rabbits and poultry, will be judged by Albert Mayberry of Trent.

Judge for the horse show will be Bill Brewer, it has been announced by Brad Rowland and Jerry Christmas, superintendents. Trophies will be awarded first place winners in halter classes and ribbons through sixth place. Entries will be accepted until the event starts.

The fair parade will be in charge of O. B. Cox of Anson who is inviting all business concerns and organizations in the County to enter units and compete for cash prizes.

"Anything from a goat up will be acceptable," Cox said.

Dotty Albritton, Ronald Buie Plan October Wedding

Mr. and Mrs. W. Henry Albritton are announcing the engagement and approaching marriage of their daughter, Dotty, to Ronald Paul Buie, son of Mr. and Mrs. Dick Buie of Rankin.

The wedding will be Saturday October 2 at 7 p.m. in the First Baptist Church of Hamlin.

The bride-elect is a graduate of Hamlin High School and attended Hardin - Simmons University, Abilene, and Texas Tech, Lubbock.

The prospective bridegroom was graduated from Big Spring High School and Texas Tech, where he was a member of Delta Tau Delta.

The couple will live in Monahans where Buie is employed by Halliburton Oil Co.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

Austin... More than a dozen new state boards, agencies and licensing organizations go into effect this week.

Heading the list of important new agencies are the Coordinating Board, Texas Colleges and Universities to direct the state's higher education system (replacing the Commission on Higher Education) and the new State Board of Mental Health and Mental Retardation. The latter supplants the Board of Texas State Hospitals and Special Schools.

Tuberculosis control functions of the old hospital board go to the State Health Department assisted by a new Tuberculosis Advisory Committee to the State Board of Health.

Among other groups which began functioning September 1 under board reorganization plans ordered by the 59th Legislature are the Texas Water Rights Commission and the Water Development Board.

Legislature also set up an Air Control Board (for air pollution regulation), an Indian Affairs Commission, a Fine Arts Commission, and special licensing organization for pesticide applicators, sanitarians and polygraph examiners.

All have legislative-directed missions in the rapidly-changing scene of a growing state government. Broadest changes in state history are expected of new programs for the hospital and higher education systems under revamped administrative organizations.

Appointments... Gov. John Connally has buckled down to work on the mass of appointments to the many, generally unpaid, state boards and commissions which run these state agencies.

Many of his choices are reappointments, either of his own earlier appointees or those of former Gov. Price Daniel.

Airport Aid... Texas Aeronautics Commission has the difficult task of deciding which of the under-50,000-population towns who have applied for aid will get portions of the \$200,000 authorized under the Texas Airport Aid Program.

Considering these six applicants in most "urgent" need, Commission offered Comanche, \$12,000; Gatesville, \$12,000; Hallettsville, \$10,000; Lampasas, \$8,000; Pinedale, \$15,000; and Caldwell, \$10,000.

Thursday the Commission is scheduled to hear applications by Cameron, Clarksville, Post, El Campo, Floydada, Kountze, Hearne, Jacksboro and Port Mansfield.

FPC Asked to Reconsider... Atty. Gen. Waggoner Carr has filed a rehearing motion with the Federal Power Commission on its recent decision to set the area price for old gas in the Permian Basin at 14.5 cents mcf and for new gas well gas at 16.5 cents.

court suit attacking poll tax as a voting requirement in Texas.

Named by Fourth U. S. Circuit Court of Appeals Judge Elbert Tuttle to hear the suit are:

Judges Homer Thornberry and John R. Brown of the Fifth Circuit Court of Appeals and Judge Adrian Spears, chief judge of the U. S. District court for the western district of Texas.

"Medicare" Swindlers Circulate... Sen. Walter Richter of Gonzales, chairman of the Governor's Committee on Aging, warns elderly Texans to beware of offers being made in the wake of Medicare passage.

Said Richter: "None of the Medicare programs go into effect before July, 1966, and anyone trying to collect money at this time for any purpose whatsoever in connection with Medicare is bound to be a fraud."

Warning followed reports in Dallas that two persons claiming to be Social Security workers tried to "enroll" people in Medicare, then demanded money for the "service." They were denounced by the Social Security Administration.

Short Shorts... Under terms of a Senate resolution, Agriculture Commissioner John White called a meeting of Texas livestock men Tuesday to study the economic effect of imported meat on Texas cattle, sheep, goats and swine industries.

Texas Education Agency reports that 33 of the state's 1,370 school districts drew warnings of failure to submit acceptable desegregation plans as required by new civil rights act.

Draft quota for October will total about 1,504, a slight increase over September, according to Col. Morris S. Schwartz, state selective service director.

House Speaker Ben Barnes is seeking a Texas Legislative Council study concerning restoration and operation of old Texas forts and missions for possible development of a tourist attraction "Texas Mission Trail" similar to that developed in California.

Texas vehicle inspection stickers for 1966, available September 1, will include replica of Long Star flag.

Dam B State Park near Jasper has been re-named Martin Dies State Park in honor of the Lufkin Senator.

Two attorney general's opinions held: operator of a passenger car used for commercial purposes who holds a valid operator's license is exempted from securing commercial license; and improvements are considered part of land on which they are located in determining value of town lots or rural property for taxation.

Inexpensive Rod Carrier... You can make a serviceable rod carrier out of unwanted cardboard rug tubes.

Use tin cans (pinned to fit) to close the ends.

Soak the cardboard in cheap paint and it will last a long time.

Most native plants are best raised from seed.

Public Hearing Set In Anson on Game and Fish Regulations

A public hearing has been set in Anson Monday, Sept. 13, on Game and Fish Regulations for Jones County under the recent Acts of the 59th Legislature. The hearing is for all hunters, fishermen, landowners and other citizens of the county.

The hearing will be held in the court house at 7:30 p.m.

The 59th Legislature included Jones County in the Regulatory Responsibility Program of the Texas Parks and Wildlife Commission, the laws becoming effective on August 30, 1965. This legislative has received Governor Connally's approval.

The new laws specifically charge the Texas Parks and Wildlife Commission with the responsibility of conducting scientific research on game and fish problems, setting of open seasons, bag limits, and methods of taking wildlife resources in the county or counties involved.

A principal objective of the regulatory responsibility program incorporates adaptability and flexibility to meet emergency such as drought, flood, fire or other causes which may endanger one or more species of wildlife by waste or depletion. The Commission can act in interest of ranchmen, landowners and the hunting and fishing public to conserve the threatened wildlife species.

8.95 Miles Highway Work Completed In Fisher County

Construction work has been completed on 8.95 miles of highway in Fisher County. A contract in the amount of \$296,103.91 was awarded Acme Bridge Co., Inc., of Austin, Texas by the Texas Highway Commission on December 31, 1964 for construction work consisting of two projects.

The project on U. S. Highway 180 is 1.19 miles in length and extends from the west city limit of Roby to the east city limit. The work consisted of grading, flexible base, asphalt concrete pavement and concrete curb and gutter. The completed section is sixty-four feet wide and consists of four twelve foot travel lanes and two eight-foot parking lanes. Cost of this project was \$177,178.73.

The project on F. M. Highway 2830 is 7.76 miles in length and begins at F. M. 611 in Rotan and extends south to U. S. Highway 180, approximately three miles west of Roby. The work consisted of grading, structures, base and surfacing. A concrete median was constructed at the intersection of U. S. Highway 180 to properly channel the traffic. Cost of this project was \$118,925.18.

Nelson Shave, Sr. Resident Engineer of the Texas Highway Department in Hamlin was in charge of the projects while they were under construction.

without waiting for normal Legislative procedure.

The Commission can act also to provide a more lenient cropping of the wildlife resources when research findings indicate an increased harvest is justified and in the interest of proper management.

Residents of Jones County will be informed of the findings from research conducted by game and fish technicians, game wardens and other resource specialists of the Commission. Before the Parks and Wildlife Commission issues the required proclamations containing open seasons, bag limits, and other rules and regulations for harvesting the county's wildlife resources, announced public hearings will be advertised at least ten days prior to the hearing date.

At the public hearing, the proposed regulations will be read and explained to those present by Parks and Wildlife Department personnel. Pertinent questions the public may have will be answered. The full proceedings will be recorded and presented to the Texas Parks and Wildlife Commission when that body meets to prepare regulations for taking game and fish in the affected county.

Although the statutes grant the Commission and Department at least 90 days after the acts become effective in which to "conclude its investigations, hold its hearing, and promulgate its proclamations, rules, regulations and orders," Jones County citizens can be assured that Department technicians are already at work on the program for their area. It is planned that investigations and public local hearing will be completed and proclamations issued within sufficient time to have them in effect for the 1965 hunting season.

The benefits of participation in the regulatory responsibility program, in addition to the assurance that scientific research is set as the basis for management, are many. Under the program, the numbers of the various species can be adjusted to carrying capacity of the range, thereby contributing to the health and well-being of the individual animals and insuring against range damage or destruction.

Son of Former Resident Killed

Raymond Berry Jr., 37, son of Mr. and Mrs. Raymond Berry Sr. of Dallas, was killed Tuesday, Aug. 24, in California when struck by a train while crossing a railroad track.

His father is a former resident of Hamlin and the son had lived here for a time. Burial was in Dallas Aug. 27 following services in a funeral home chapel there.

Survivors are his parents, four sisters and four brothers. Mr. Berry Sr. is a cousin of Mrs. A. G. Miller who attended the funeral.

Keeping Up to Date...

Cotton Root Rot is a Killer...

Homeowners who find shrubs and ornamentals dying during the warm season may discover a fungal disease at the "root" of their problem.

A disease, cotton root rot which is common to all areas of Texas except the Panhandle and High Plains, is often the cause of these plant deaths, says Kirby Clayton, Jones County Agricultural Agent.

Horne explains that the fungus, *Phymatotrichum omnivorum*, is known to infect 2,000 species of wild and cultivated plants. Infected plants die suddenly after the first symptoms of wilting. The roots decay and when pulled from the soil, the bark of the root slips easily and has woolly strands of the fungus clinging to the surface.

The disease causing organism is capable of slow movement through the soil and can be transmitted to new areas by infected transplants. If a home is built in an area where cotton has been raised, it does not necessarily mean that the plants grown there will have the disease. The fungus must be in the soil and must have conditions suitable for development.

Despite claims to the contrary, there is no satisfactory chemical control for cotton root rot. If the disease has invaded the plants there is no control... chemical or other wise.

Research on the fungus disease dates back to 1886 when L. H. Pammel from Washington University in St. Louis began experiments on this problem in Texas. He discovered that the disease was caused by a fungus but had little luck in controlling it. Research has been carried on in the Rio Grande Valley for 30 years, employing latest scientific agricultural techniques, but no cure has been found.

It is not, however, a lost cause for the homeowners. There are a host of ornamentals, from 30 ft. high trees to small flowers, that are immune to the disease. Since the disease is more prevalent in alkaline soils, it sometimes helps to acidify the soil with materials such as sulphur. These may correct certain situations but none are satisfactory for ever job. The safest and most practical way to avoid the disease is to plant resistant species. A list of these can be found in Extension Service publication L-390, "Cotton Root Rot."

Remember, there is no sure-fire cure for cotton root rot, but it can be avoided or reduced by using resistant plants. Once the plants become infected, death is sudden and there is no cure.

Mr. and Mrs. Chub Hardwick and family attended a Hardware Show in San Angelo on Sunday.

Visiting the Baptist Church Sunday morning was Mr. O'Neil of Odessa. We had a good group Sunday for services. Also visiting was Bryant Meeks of Sweetwater.

We shall be making almost daily visits to the north side of town to check on the progress of Homer and Opel's new house. The Pursleys have been living east of town on their farm.

Four from Here Register at Cisco

Four Hamlin boys have pre-registered for the fall semester at Cisco Junior College according to information released by Leo Hatten, registrar.

Some 200 students have pre-registered and a record enrollment of 650 students is anticipated by the college. Preregistration will continue until Sept. 11 and official registration will be September 13-14.

The boys and their parents are Jimmy F. Haught, Mr. and Mrs. A. F. Haught, Dannie Parker Maberry, Mr. and Mrs. J. W. Maberry; Charles Prewitt, Mr. and Mrs. L. E. Prewitt; Cliff Wayne Sharer, Mr. and Mrs. Vernon L. Sharer.

Guests in the home of Mr. and Mrs. Clyde Lewis last week were her sister and family, Mr. and Mrs. Joe Mehl, Susan, Sandra, and Terri from Breckenridge, Minnesota, her brothers, Ray Jones of Tokio, Texas; Travis Jones of Plains, Texas; Mr. and Mrs. D. E. Livengood, Melanie, Eloise and Donald, Mrs. Beatrice Livengood all of Haskell; Mr. T. W. Jones and Bill of Abilene and Mr. and Mrs. L. B. Baker.

The wheeled chariot made the Sumerian army invincible until the Syrians also adopted the device.

weight of her calf also increases. In one test, the pounds of milk per cow ranged from five pounds daily for one test group, to eight pounds daily for the highest test group. The adjusted 205 day weaning weight of the calves from the five-pound cows was 424 pounds while the weight of the calves from the eight-pound cows was 537 pounds.

Calf Barn Plans Now Available

Plans are now available for a small open-front barn which is 48 feet wide and gives ample housing for 10 calves. The plan was recently released thru the U. S. Department of Agriculture's Farm Buildings Plan Exchange.

It has three features:

1. Individual pens for each calf. The pens are 4 feet wide, 8 feet deep, and are separated by solid partitions 4 feet high.
2. Enclosed feed room has concrete floor, pen floors are tamped clay.
3. Removable double feed racks are hung on alternate partitions.
4. Overhanging shed roof protects the open-front side.
5. Hinged panels in rear wall may be opened for additional ventilation in hot weather.

The slatted pen fronts and most partitions may be removed for cleaning with power equipment. Although the use of water buckets is indicated, automatic drinking cups could be installed along the rear wall. Working drawings of Plan No. 5970 are available from Kirby Clayton, County Extension Agent.

HOW TO FREEZE EGGS
Now's the time to consider freezing a few eggs, suggests Mrs. Mary Y. Newberry, Jones County Home Demonstration Agent.

Frozen whole eggs are handy for scrambling or for cooking and baking. Be sure you use eggs of the highest

quality, she says. Prepare the eggs quickly, then freeze promptly. Here's how to do it: Break the eggs into a bowl. Stir slowly to blend yolk and white. Do not beat. Put blended eggs through a food mill or medium-mesh strainer. For each cupful of eggs, add 1-2 tablespoons corn sirup or sugar - for eggs you will use in cakes and cookies - or 1-2 teaspoon salt - for eggs you will use in scrambling. This prevents the eggs from becoming gummy, the home demonstration agent explains. Now place the prepared eggs in rigid moisture-proof containers. Put in each container only as much egg as you will use at one time. Five large eggs make one cup.

Allow a half-inch space for expansion at the top of each half-pint or wide-top pint container; three-fourths inch in narrow-top containers. You are ready to seal and freeze the eggs at 0 degrees or lower. Stored at this temperature, the eggs will retain their quality for 9 to 12 months, say U. S. Department of Agriculture home economist.

Low Cost House

A plan, providing 960 square feet of living space is a good three-bedroom house for your money and adds space for one automobile and outdoor storage.

Besides the three bedrooms, the plan features a kitchen-dining area designed as one large room, with an L-shaped working area. The living room adjoins. There are two rear entrances, one from the carport into the kitchen; the other from what might be the garden side of the house into the dining space.

The water heater and washing machine are handy to the bathroom.

This plan is well within limits proposed by the Farmers Home Administration for construction loans.

Working drawings of this plan No. 7168 can be obtained free from Kirby Clayton, County Agent.

The area of the bays between the mainland coast of Texas and the long barrier islands offshore is 3,460 square miles.

Soil Fertility Facts...

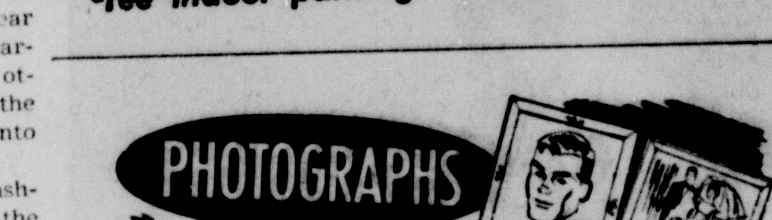

US FARMERS USE 15 TIMES MORE FERTILIZER THAN IN 1910. FERTILIZER HAS HELPED US INCREASE OUR CROP YIELD AND IMPROVE OUR SOIL. IT HAS ALSO HELPED US PRODUCE MORE FOOD AND FIBER AT FIFTY PERCENT LESS COST TO THE CONSUMER. FERTILIZER IS THE KEY TO A MORE PROFITABLE FARM.

WORLD WIDE INTEREST

Many good organizations are working with our youngsters, developing an interest in other lands and the ones who dwell there. The church through God's word also teaches us about our neighbors and what our attitude should be toward them. *The earth is the Lord's and the fulness thereof; the world, and they that dwell therein.*

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

OFFICE OVER WAGGONER DRUG

Nosey Neighbor . . .

Another school term is underway as students began classes here Monday. In a good many of the classes, especially in high school, there are more students than they have facilities for. The teachers and the administration are doing a good job of working out schedules and making changes in meeting places for classes to serve the students better.

The old gym was converted during the summer into two classrooms and a study hall. Some changes may have to be made there or some students may hear two lectures at the same time.

With school starting most of us are ready to get back on a regular schedule. Also there is an increase in activ-

ities for the school and also for the community during this time.

This week we start again with our column of coming events and would like to urge everyone who would like to have a club meeting or other event listed in this space to call the Herald office and give us the date, time and place.

Some unusual telephone conversations happened last week when a small problem in the dialing system in the local plant enabled three-way conversations. One day I started to dial a number and realized that there was a conversation on the line. It seems that this happened to several people in town and some talk-

ed to two people at the same time.

This is very unusual. It seems that it only happened on a certain series of numbers. It has now been corrected.

The cooler temperature Wednesday morning reminds us of football weather. Usually it is warm for the first football game but I think I might take a sweater Friday night just in case. Remember Olney last year?

The Pipers open the season at Rotan and may we remind everyone that it will be the beginning of the Labor Day week end and traffic may be a little heavy. Although it is not far to Rotan, do not relax your careful driving habits. Many accidents happen only a short distance from home.

'Operation Motorcade' to Help Lower Labor Day Traffic Deaths

'Operation Motorcade' will be conducted as a special emphasis program to combat carelessness and willful traffic law violations during the Labor Day Weekend from 12:01 a.m., September 4th, through 11:59 p.m., September 6th. The DPS will use every means at its disposal to reduce traffic accidents," said Major Leo E. Gossett, Commander of the 49 county Midland Region of the Department of Public Safety.

"The traffic violations that will contribute to the majority of the 35 traffic deaths over the Labor Day weekend will be what our patrolmen will be watchful for. All uniformed enforcement personnel will be

assigned traffic duties during this 3 day holiday in an effort to keep this estimate from becoming a reality. Many public service organizations will participate in an effort to reduce death and injury during this period," Gossett stated.

If you are planning a holiday trip, may we remind you the most common violations that contribute to traffic accidents are: failure to yield right of way, exceeding a safe speed, failure to stop or turn in time, driving while intoxicated, and driving on the wrong side of the road. May we urge you to be a careful, alert defensive driver and not become involved in an acci-

dent. A defensive driver does not commit these violations, neither does he become involved in an accident when other drivers commit them," Gossett reminded.

Michael Brandon Aboard Carrier

Radarman Seaman Michael S. Brandon, USN, son of Mr. and Mrs. Ollis E. Brandon of 549 N. W. Avenue C, is serving aboard the attack aircraft carrier USS Midway, operating in the South China Sea.

Operating as a unit of Task Force 77, composed of four other attack aircraft carriers and escorting destroyers, Midway has been conducting air strikes against bridges, supply depots, air fields truck convoys, and other military installations in North Viet Nam and Viet Cong concentrations in the South.

PIPER PATER COLUMNISTS—Writers for Piper Patter who will be recording activities of Hamlin High School are standing, left to right, Pat Pope, Jane Ferguson, and Helen Moore. They will be assisted by Mrs. Charles Scott, faculty member, in compiling the news each week for the Hamlin Herald.

Three High School Girls to Write Piper Patter Column for Herald

Piper Patter, a weekly account of Hamlin High School activities published as a special feature of the Hamlin Herald, will be written this year by Pat Pope, Jane Ferguson, seniors, and Helen Moore, junior.

The girls will be aided by Mrs. Charles Scott as an advisor.

Pat, daughter of Mr. and Mrs. Dan H. Pope, is in the pep squad, having been majorette and this year is head majorette. Other activities have included Sophomore Class lady-in-waiting, Future Homemakers of America member for three years; basketball

B&PW Club Awards First Scholarship to Miss Patterson

Mary Lois Patterson has been chosen to receive the Business and Professional Women's Club Scholarship Award for the 1965 school year. The announcement was made Thursday by Miss Lennie Greenway, club president, after the choice was made by a special committee.

Miss Patterson, valedictorian of the spring graduating class, is entering Hardin-Simmons University this fall. She plans to play flute in the H-SU Band and also participate in the choir.

During high school she was band drum major, member of stage band, president of Future Homemakers of America, Library Club president 2 years, National Honor Society vice president, on annual and paper staffs, in junior and senior plays and band sweetheart nominee.

Honors included the John Philip Sousa award, state homemaking degree, Betty Crocker award, attended Girl's State and Attorney General's Conference, Miss H.H.S. and received Rotary Club award four years.

She is an active member of the First Baptist Church and serves in the choir and in the primary Sunday School.

This is the first year the club has given the \$100 scholarship.

MARY LOIS PATTERSON receives B&PW award

Ferguson and Helen Moore. They will be assisted by Mrs. Charles Scott, faculty member, in compiling the news each week for the Hamlin Herald.

Hamlin Scouts Tie In District Swim Meet at Haskell

Boy Scouts of Troop 43 made a good showing Monday night at the Northern District Swim Meet held in Haskell by winning two firsts, three seconds and being tied with the Haskell troop for first place in the overall meet.

There were approximately 100 boys entered from throughout the district.

Charlie Shira was first in the free style swim. Winning first in the medley relay were team members Chris Perrin, breast stroke; James Holt, crawl; Shira, back stroke; and Greg Perrin, side stroke.

Those placing second in the following events were: Gary Smith and Shira, two arm buddy race; Smith, Don Colley, Tony Lewis, G. Perrin, James Holt and C. Perrin, free style relay; Smith, Colley, Shira and Holt, towel rescue relay.

Other boys entering in the meet were Robert Sanderlin, Leldon Clifton, Mike Acklin and Virgil Turner.

Adults accompanying the boys were J. O. Murphree, Scoutmaster; Floyd Smith, assistant Scoutmaster; Melvin Scott, F. E. Turner and Ed Lewis.

Band Instruments

Tim Jones, band director, said this week that parents who have used band instruments that they wish to sell may contact him or take them to the high school band hall.

Ladies Golf Meet Winners Named

Winners in the Ladies Golf Tournament held Tuesday have been announced by the Woman's Golf Association, sponsors of the invitational event. There were 26 entries from Hamlin and surrounding towns.

Winners in the 18-hole event were Mrs. Byron Bell, low gross; Norma Reeves of Sweetwater, low net; and Mrs. Sam Ferguson, low putt. All received prizes. Special awards went to Mrs. Tommy Newman of Matador, and Mrs. Billy Robinson of Sweetwater.

In the nine-hole event, winners were Mrs. C. L. Cromwell of Stamford, low gross; Mrs. Odell Harbert of Knox City and Mrs. E. D. Perrin, tied for low net; and Mrs. Harbert, low putt. Special awards in this event were to Mrs. David Casey and Mrs. Jerry Waggoner.

Grand Jury to Meet

Grand jury of 104th district Court will convene Tuesday, Sept. 7, and will be charged at 9 o'clock by Judge Owen Thomas. The jury list had not been received Monday by District Clerk W. L. McDonald.

Tuesday also will mark the beginning of the September term of court.

Pipers to Meet Rotan In Opener

The Pied Pipers will open their 1965 football campaign at Rotan Friday night under the direction of new head coach Joe Youngblood. The Pipers and Yellowhammers will collide in the Rotan stadium at 8 p.m.

No reserve seats are available for this game and general admission tickets will be available at the gate.

The Pipers, running from a Wing T offense, will go into the game short on experienced personnel in most positions and will have several sophomores in the starting lineup.

With part of a season's experience, Tommy Ferguson

will lead the Pipers from his quarterback slot. He saw quite a bit of action last year before being sidelined with a broken collar bone at the end of the season. Ferguson is a left-handed senior and weighs 150 pounds.

The balance of the backfield will be light with the heaviest man being Danny Warner at 153 pounds. Warner was a second stringer last year and is running from the fullback position. At halfback will be sophomore Philip Simpson who weighs 130 pounds. And at wingback will be senior Scotty Brown at 142 pounds.

At the ends will be senior James Ledbetter who weighs 190 pounds, a two year letterman, and sophomore Milton Davis at 170 pounds.

Playing tackle will be junior Randy Smith at 170 pounds and senior Mike Rountree at 170 pounds.

The guards will be junior Bobby Moore at 151 pounds and junior Larry McCoy at 170 pounds.

Senior Roger Bell at 150 pounds will hold down the center position.

Coach Youngblood will carry about 31 boys on the traveling squad and says that at least 22 of them will start at either offensive, defensive, or kick off positions.

The Rotan Yellowhammers with eight returning lettermen in their lineup including two whose names are familiar to Hamlin fans—Stephen Baugh and Larry Van Loon. Both boys run from the fullback position with Baugh weighing 180 pounds and Van Loon weighing 180 pounds.

The Yellowhammers will be led by honorable mention all-district quarterback James Tompkins, 5-8, 150 pounds. At halfback will be three year letterman Eddie Edwards, 145 pounds.

Speed and defense are considered to be the strong points of the Rotan squad.

Barbecue Planned

A barbecue will be given for all Veterans of Foreign Wars and their families at 7 p.m. Saturday, Sept. 4, at the Hamlin V. F. W. Post 6014. The event is being planned for all veterans of foreign wars whether they are members or not.

Kay Johnson returned home Saturday from Amarillo where she had been hospitalized since an automobile accident

Amendment Vote Set Here Tuesday In Gym

Texas voters will go to the polls Tuesday, Sept. 7, to decide the fate of the first of several amendments to the state's constitution to be voted on this fall. The amendment, SJR No. 44, if passed will change the Texas Senate from 31 to 39 members.

Only one Hamlin box will be open for this special election, according to Miss Lennie Greenway, election judge. All Hamlin voters will vote at the High School Gymnasium.

Charles Reed New Winn's Store Manager Here

Charles Reed, new manager of Winn's Store, assumed responsibilities here this week replacing Leland Preiss who is moving to Georgetown to manage a new store.

Mr. Reed has had five and one-half years experience with Winn's Stores and was manager of the store at Killen until it was closed earlier this year.

The new manager is a native of Graham and his wife, the former Elaine Turner, is from Rotan. They are members of the Church of Christ.

The couple lives at 126 Southwest Second St.

Mr. and Mrs. Preiss and children will move this week and he will report to his new position Labor Day to prepare for the opening of the new store in the near future.

Jones and Taylor Seeking to Hire Probation Officer

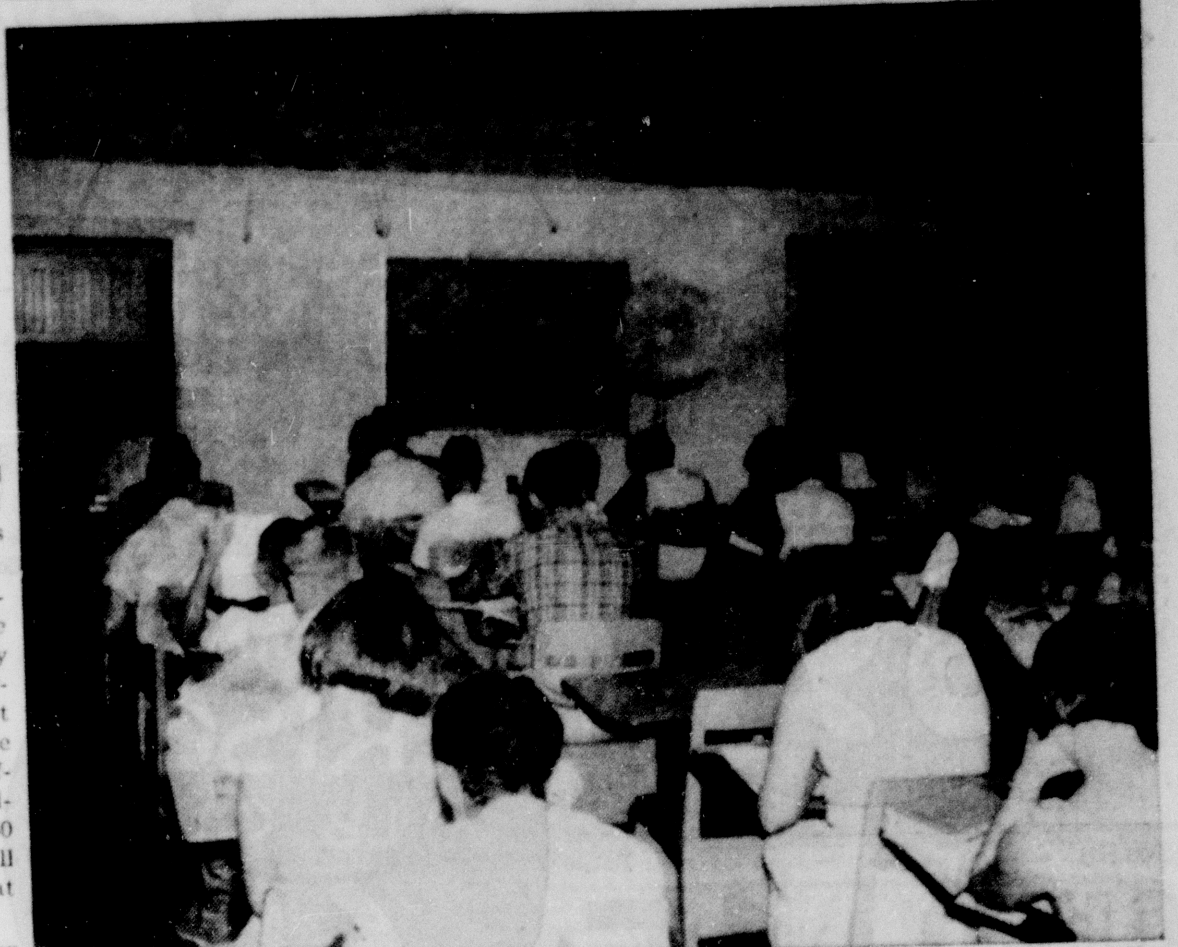

County Judge Leon Thurman, Taylor County Judge Roy Skaggs and two district court judges, J. R. Black of 42nd District Court, and Owen Thomas of 104th District Court met in Abilene Monday to discuss the possibilities of the two counties working together in hiring a probation officer.

Under terms of laws passed by the recent legislature, there will be no more suspended sentences. Rather, sentences will be probated with the defendant having to report to a probation officer. This will be true in county and district courts.

Taylor County already has one probation officer, but with the new legislation the one man will not be able to keep up with all the work. It is hoped that an assistant can be hired for him and Jones County could use this assistant and share in the expense.

Football Shoes

Anyone having good used football shoes suitable for seventh and eighth grade boys to use may take them to Junior High Coach Grady Allen.

ONE OF THREE ADDED ROOMS — A study hall and two class rooms were added at the high school this summer by petitioning off the old gymnasium at the north end of the high school building.

The temporary rooms were devised by the school officials to help take care of the increased enrollment this fall.

Local Schools Receive Approval for Federal Aid

Superintendent C. F. Cook received a letter this week showing approval of the school's plan for desegregation.

The letter from Francis Keppel, U. S. Commissioner of Education, Washington, D. C., said in part "On the basis of our review of the plan, particularly of the provisions made for the school year 1965-66, I have determined that the plan is adequate to accomplish the purposes of the Act and

the Regulation of the Department of Health, Education, and Welfare. The plan therefore provides a basis for the approval of applications and for the payment of Federal financial assistance at this time."

The local school was originally set up to open the fall term with only the high school completely integrated and the other grades to be on a freedom of choice plan.

Last Tuesday evening, the first and second grade teacher at Oscar DePriest School, Mrs. Dollie P. Gilbert, resigned making two to leave the faculty prior to school opening. This necessitated the integration of the first grade and also the seventh and eighth grades.

Mrs. Gilbert resigned to go to Brownwood and the other teacher, John Mayfield, has moved to Odessa where he and

Receive Degrees From ACC Friday

Mr. and Mrs. O. E. Brandon attended the graduation exercises last Friday night at Abilene Christian College, Abilene, when their daughter, Mrs. Judy Thomas, was one of the honor graduates. She received her master of education degree.

Two other Hamlin ex-students received degrees at this time. Myra Siburt, also an honor graduate, received a bachelor of arts degree, and Lavere Wilson received a master's degree.

Mr. and Mrs. W. Frank Martin of Monmouth, Oregon, visited her sister, Mrs. Delbert Rountree, and her mother, Mrs. J. F. Drennan, last week.

Bridge Winners

Mrs. Preston Morrow of Rotan, Mrs. Floyd Briscoe were first in Tuesday evening's play at the Hamlin Duplicate Bridge Club meeting. Mr. and Mrs. Henry Albritton were second, Mrs. Joe D. Cowan of Dallas and Mrs. Muri D. Smith were third.

Golf Club Plans Tourney Here

A Labor Day Week End Golf Tournament is being planned by the Lakeview Country Club Sunday and Monday afternoon, according to Joe Ford, chairman.

It will be a Low Ball partnership tourney for local and city players. It will be an 18 hole match Sunday and 18 holes Monday with Sunday's play counting as a qualifying round and also on the two day's total.

All local men are invited to play in the tourney and the entry fee will be \$3.00 with golf balls given as prizes.

POLISHING UP FOR FRIDAY NIGHT — Tim Jones, high school band director, works out the marching Green Tuesday morning getting ready for their performance Friday night at Rotan. The 85 piece band will take to the field at half time Friday night for their marching debut of the 1965 season.

FIRVIEW NEWS

by Mrs. Elmer Joiner

August is about gone, one more day and it will be September. There is a cool breeze blowing this morning with a hint of fall in the air, but by mid day it will probably be real summer again. We can hardly realize that summer is almost gone, our lives are going faster and faster, we don't have to get up in space for time to pass too swiftly. School started this morning almost everywhere, so all vacations are over, every one gets down to the old routine again.

It seems that all vacations are over but for the pastor's wife, she says she hasn't had hers yet. Of course she went to Abilene, spent several days in an air conditioned room, waited on day and night, then brought home a million dollar bundle, but she didn't count that a vacation. I agree with her there, and think she should get a little time off for giving her family the little son and brother that they are so proud of. Seriously, the pastor's family will be gone next Sunday, he is going to see about getting a team from Hardin-Simmons for the day.

Twenty-eight persons were present last Wednesday night, when the church met at the park in Hamlin, for an ice cream supper, which was our family night for August. All the ice cream that we could eat, with cake, was on hand, some being carried home. We were glad to have our Nazarene friends, Mr. and Mrs. M. S. Johnson, after their church services were over.

After the ice cream supper Wednesday night, most of the same crowd, attended the fish fry, at Radium Gin. We didn't hear of any one being sick but after two nights of such eating, it is surprising that some were not. Mr. Madgean Rainwater, owner of the Radium gin, sponsored the affair, having all the fish, beans, potato salad, onions and peach cobbler that could be eaten. We especially want to mention the coffee, it was delicious, along with all the other food being so good, most of us made a pig of ourselves.

The H. L. Ford family went the first of the week, to Denton, for Nancy who will be

at home until school starts September 13.

Last Wednesday morning I took off to Anson Hospital to visit friends there. After visiting with Mrs. Bob Barksdale in the hospital, found that Mrs. R. E. Ray had gone home, so visited with her at home. Mrs. Barksdale, the former Beadie Brown, had gone for an allergy a few days, and in walking down the hall ran over some scales, falling and badly injuring a knee. She seemed to think it very ironic that she is county health chairman in Home Demonstration work, which works closely in conjunction with safety. Mrs. Ray was seriously ill for about eighteen hours, but is much improved, she almost had a stroke.

Mr. and Mrs. Roy Watts went to the Watts reunion at Lake Fort Phantom Sunday. We reported a few weeks ago that they went to the Watts reunion at Sherman, but we had our wires crossed, it was the Holloway reunion.

Mr. and Mrs. George Wainwright had their little grandsons, the sons of Mr. and Mrs. David Higgins, Abilene, for a few days visit last week. Mrs. Tanner, mother of Mrs. Leverett, came over from Abilene over the weekend to help fix peas, having returned home before Sunday.

Mr. and Mrs. Fred Rosenbaum were visitors of Mr. and Mrs. Thomas Moss of Anson, again last Friday afternoon. Mr. Moss has never recovered from the injury he received when a ladder fell on him in the post office at Anson.

Mr. and Mrs. Mel Jones were Sunday afternoon visitors of the Winslow Grays. Saturday guests of the Grays were Mr. and Mrs. Aubrey Skipper, of Alvarado, Texas, and his parents, Mr. and Mrs. E. C. Gray. Mrs. Skipper is a sister of Mr. Gray and daughter of the E. C. Grays. Mrs. Fred Rosenbaum visited with Mrs. Henry last Tuesday afternoon. Mrs. Henry reported that was all the company she had last week, if you read last week's column she had company all the week before.

Mr. and Mrs. Joe Ford are planning big things on Sept. 12. We won't tell what it is, will let them announce it. Last Monday night Rev. and

GETTING IN PRACTICE — Lane Fletcher, left, and Don Gregory got in a little practice before dove season opened Wednesday as they teamed up in the Hamlin Jaycee Trap Shoot Sunday afternoon. The shoot was held at the City Airport.

Mrs. Leverett, attended the Double Mountain Area banquet, held at the Cliff House, in Stamford, for the pastors and their wives, of the area. The speaker for the evening was Dr. T. A. Patterson, who is executive secretary of the Texas Baptist Convention.

Mr. and Mrs. Woodrow Goodwin visited Sunday afternoon with Mrs. Howard Roberts, in the Hamlin Hospital. Mrs. Roberts lives east of Anson, where they and the Goodwins once lived neighbors.

We are all anxious to get a report from Mrs. Earl Herbst on her trip to Hawaii. We heard some friends make the remark that she wouldn't go, but she fooled us all and really did go. She was accompanied by Mrs. Watts Fletcher, who also fooled us, and Miss Carol Joe Simpson. It must have been a wonderful experience, it would be an idea to have them tell us about it some family night.

Mr. and Mrs. Runt McCoy were Saturday night visitors of the Elmer Joiners. Kay and Larry had gone to Lubbock for the weekend. Kay will soon be back in Texas Tech again.

OLD GLORY ...

By Judy White

Mr. and Mrs. Louis Spitzer attended commencement exercises at Texas Wesleyan College in Fort Worth on Friday, August 27, when their daughter Mrs. Norma Jean Lehrmann, received her Masters Degree in elementary education.

Mrs. Lehrmann is a first grade teacher at Worth Heights Elementary School in Fort Worth. She has two sons, Larry 13 and Greg who is 8 years old.

Mr. and Mrs. C. T. Pierce and daughters, Donna, Debbie and Denise, returned last Friday from Bicknell, Indiana, where they visited Mrs. Pierce's parents, Mr. and Mrs. Gerald Koonrod.

Old Glory school opened last Monday morning for another session with one new teacher in High School. He is Delwin Whitmire from Spur a recent graduate of Texas Tech. Mr. Whitmire is a nephew of Allen Davis. His mother is the former Willie Mae Davis. He will teach math.

Variety Club: The ladies of the Old Glory Variety Club and their families enjoyed an ice cream supper last Saturday night at the home of Mr. and Mrs. Clift Gholson. Sixteen were present. Games of 84 were played.

The club will resume its meetings on Sept. 14th for an all day quilting in the home of Mrs. A. R. Sawyers.

People from Old Glory who attended the Sagerton Appre-

ciation Day barbecue last Friday night sponsored by various Rule civic organizations want to say thank you.

Mrs. Herta Mischer of Abilene was here last week visiting with relatives and friends.

Mr. and Mrs. Richard Johnson and children, Tim and Julie, of Garden City were here last weekend visiting his parents, Mr. and Mrs. Bunyan Johnson.

Mr. and Mrs. Henry Schmidt and Paul and Ernest Bredthauer attended a family reunion at Cisco on Sunday, August 22.

Mrs. Andrew Anderson of Lueders spent several days with Mr. and Mrs. Henry Schmidt and Paul and accompanied them to San Angelo where they visited friends.

Mrs. Benno Erdman and Mrs. Buster Tredeemer are in Lamesa at the bedside of their sister, Mrs. Joyce Cleveland, who is very ill in a Lamesa Hospital. Mrs. Cleveland, is the former Joyce Lehman and attended Old Glory School.

Larry and Gregg Lehrmann of Fort Worth are here this week visiting their grandparents Mr. and Mrs. Louis Spitzer.

Mike Shivers, Danny Niederdecker, and Mary Lois Patterson attended the college student week at Glorieta Baptist Assembly at Glorieta, N. Mex.

Federal Land Bank To Pay Dividend

Dividend payments totalling approximately \$31,500, will be paid to members of the Federal Land Bank Association of Haskell, Manager Joe Harper announced today. Harper said dividends representing 10 per cent of Association Members' stock of record as of July 31, 1965, would be mailed to 825 members on or about the first of September.

The Haskell Association is one of 73-farmer-rancher owned Associations in the State of Texas, which is served by the Federal Land Bank of Houston, and makes long-term, low interest loans to farmers and ranchers in Haskell, Jones, Baylor and Knox Counties.

The Association is served also by Assistant Manager, Felix Copeland, who maintains the association office in Seymour, Texas. The main office of the Association is located in Haskell, and a part-time office is maintained in Anson.

STUDIO OPENS

Mrs. Johnnie Monks has announced the opening of her studio in piano, guitar and accordion on Wednesday, Sept. 1.

famous Carrier central AIR CONDITIONING

\$568

as little as

installed*

Just because Carrier is the recognized leader in air conditioning, some people have the mistaken idea it costs more. The truth is, you can have world-famous Carrier air conditioning in your home for about what you'd pay for ordinary, compromise brands! And it will be installed by air conditioning specialists, not general merchandisers! Our experienced installers do the job right to begin with . . . and back it up with a written guarantee of temperature and humidity conditions to be maintained. You'll enjoy years of top performance and low operating costs only fine equipment, properly applied and expertly installed can deliver.

*The price quoted as an example is based on a typical 1400 square foot home installation where adequate central heating and electrical facilities exist. While each job differs, this low price is typical of Carrier installations.

Included In The Price: Carrier Weathermaker Air Conditioner / 38 GA 002 condensing unit with 28 BA 002 cooling coil and casing / 25,000 BTU. ARI Certified Capacity / Expansion device / 18' of insulated refrigerant piping / combination thermostat / installation by specialists in air conditioning

- INSTALL NOW BETWEEN COOLING AND HEATING SEASONS — THE TIME TO REMODEL
- DEFERRED PAYMENT, FIRST PAYMENT DUE NEXT YEAR OR NO MONEY DOWN — UP TO 5 YEARS TO PAY ON FHA TITLE ONE!

AGE FOUR THE HAMLIN HERALD
Hamlin, Texas, Thursday, Sept. 2, 1963

YEARS AGO...

FIFTY YEARS AGO

D. J. Payne left Sunday by the "Katy" way for New York to purchase a new line of dry goods. Mr. Payne makes two trips a year to this market. He will stock his store with the best and latest goods.

Now Watch Hamlin grow (editorial)

The community that patronize home institutions will live and prosper. The one that clings to the mail order man more often faces certain commercial disintegration, stagnation and death. Resolve today that you will never again deal yourself and your community a body blow by sending your money away to the mail order man. Stick to home and home will stay by you, and your combined energies will bring victory from defeat and prosperity from disaster.

The editor suggests that for fall and winter buying you just call upon your home merchants and see if they cannot supply you with what you want acceptably as any other man or set of men anywhere. They can do it and WILL do it. Hamlin has firms who are ready to meet the mail order man on his own ground and on his own terms. They are worthy of your support and you are too good a citizen to pass them by.

Payne and Pluto received another car those beautiful Maxwell autos last week. They also have a new model Oak-

land, which is the pride and greyhound of this city. All these are on display in their salesroom.

TWENTY-FIVE YEARS AGO

Sept. 6, 1940
W. C. Russell, cashier of the F and M National Bank, is in the State University for a "Short Course" in Banking mysteries. This course is sponsored by the Texas Bankers Association and the University. Ted is supposed to be a "submissive" school boy just a few days.

Tommy Flenniken celebrated his third birthday Aug. 28 in his home when his mother, Mrs. T. W. Flenniken, entertained a number of his little friends with a lovely party. Miss Gladys Maxwell, social worker for W. P. A., has been transferred to Post following a reshifting of the district. The Hamlin office has been closed.

Claud H. Chastain was here a short while visiting with his parents, Mr. and Mrs. C. R. Chastain, this week. Claud H. left Wednesday for Kirksville, Mo., where he is to start his second year as a medical student.

Mrs. Charlie Sellers and daughter, Margaret Ruth, returned this week from Dallas where they had gone for a check-up on Margaret's leg which was injured several years ago in an auto accident.

The examination proved her condition satisfactory, and she will be able to enter school this year.

FIFTEEN YEARS AGO

Sept. 1, 1940

Completion of a real estate transaction Wednesday brought the spotted career of the Hamlin Hatchery to a definite close when the building was sold by Stan and Art Carmichael to Grant Long, a Hamlin resident.

Sylvester Public School has a new roof according to a report made by J. H. McHaney, superintendent. School opening will be Monday, Sept. fourth.

A farewell party honoring Mr. and Mrs. O. G. Harvey was given by the Hamlin Chapter of the Order of Eastern Star 460 at the Masonic Hall Tuesday at 8 p.m.

Mr. and Mrs. J. W. Gay, editor of the Moody Courier, brother of Mrs. O. L. Jenkins, and Miss May Gay spent the week-end in Hamlin visiting relatives.

A magnetic nail picker was used by the Texas Highway personnel to remove several hundred pounds of nails and other iron from Jones County roads, in an effort to decrease flats.

TEN YEARS AGO

Sept. 2, 1955

Rev. Vernon Mayfield will be in the pulpit of Faith Methodist Church both services Sunday.

Mrs. H. M. Barrow, city secretary, was in Fort Worth last week attending the four day third annual clinic for tax assessor-collectors sponsored by the Texas League of Municipalities.

Jack Drummond, son of Mr. and Mrs. G. W. Drummond has been awarded a scholarship to Tarleton State College at Stephenville.

Relatives who had not been together for 13 years were among the guests the past week in the home of Mr. and Mrs. T. C. Roberson Jr. This is the first time the entire family of Mrs. Robertson had been together since 1942. Those from Hamlin were Mrs. T. C. Roberson Sr. and A. H. Abernathy, an uncle.

Ted Russell tells Lions Club group of recent trip to Europe and Holy Land.

FIVE YEARS AGO

Sept. 1, 1960

Pied Pipers to open season against Cisco there.

Twenty-three blocks ready for paving project. 867 enrolled in school here. First grade leads with 89. 232 in high school.

Patricia Ann Branscum and Rowland Gene Steele married Aug. 25.

Sara Kay Fomby and Henry Mac Fullerton wed in El Paso. P-TA Magazine Drive Oct. 7-17.

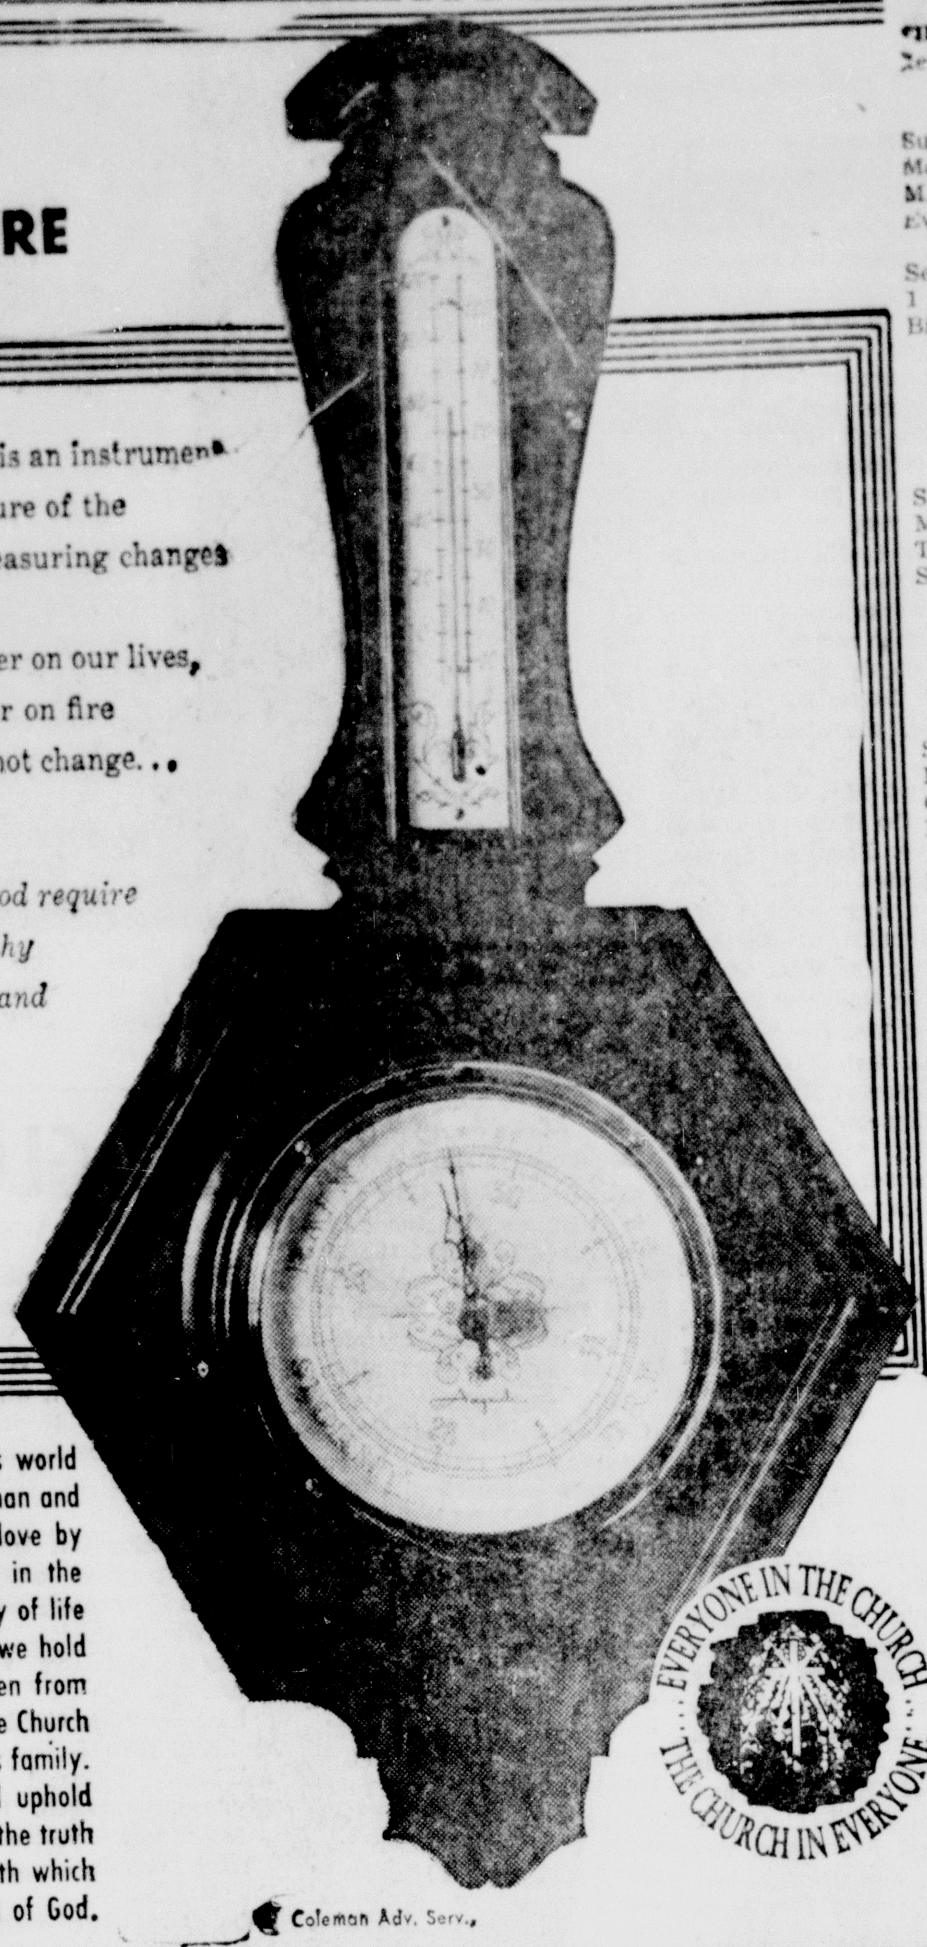

Hide Keys in Hub Cap

Taking car keys on a long hunt can cause problems. While changing pants or when sitting down you may lose the keys. Here's how to lock your car and still have keys handy. Just pry off a hub cap, toss the keys inside and replace the cap. They will be there when you return.

BAROMETER for the FUTURE

Webster says that a barometer is an instrument measuring the weight or pressure of the atmosphere, foretelling and measuring changes of weather and altitude. If God were to place a barometer on our lives, would we be cold, lukewarm, or on fire for the Lord. The past we can not change. . . the future is up to us.

"...what doth the Lord thy God require of thee, but to fear the Lord thy God, to walk in all His ways, and to love Him, and to serve the Lord thy God with all thy heart and with all thy soul." ATTEND CHURCH REGULARLY

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

MRS. WAYNE N. CLARK
... formerly Barbara Cheshier

Barbara Cheshier, Wayne Clark Exchange Vows Here Saturday

Barbara Ann Cheshier and Wayne Newell Clark, both of Fort Worth, exchanged wedding vows Saturday evening at 6 p.m. in the Hamlin Church of Christ.

The bride is the daughter of Mrs. W. J. Cheshier Jr. and the late Mr. Cheshier. The bridegroom's parents are Mr. and Mrs. L. N. Clark of San Antonio.

Officiating minister was Mr. Harry Tansil of the local church.

Attendants were Mrs. Arthur Gilbert of Fort Worth, matron of honor; Mrs. Donald Gene Cheshier of Sweetwater, aunt of the bride, bridesmaid; and Crystal Joye Cheshier, sister of the bride, junior bridesmaid.

Donald Edward Clark of Kerrville was best man for his brother. Groomsmen were James McGinnis of Fort Worth and Albert Alexander of Jourdanton.

Candles were lighted by Helen Elizabeth Penzenik of Mineral Wells, and Latina Mignon Crawford of Merkel, both cousins of the bride.

Debra Jo Penzenik of Mineral Wells, cousin of the bride, was flower girl.

Given in marriage by her uncle, Donald Gene Cheshier of Sweetwater, the bride wore a formal gown of white tulle de sole lined with taffeta. The fitted bodice featured a round neckline, long tapered sleeves and was closed in back with soft buttons. The slender skirt accented with beaded lace appliques extended to a chapel train. Her veil of tulle was attached to a neapiece of peau de soie. She carried an orchid atop a white Bible.

The reception followed in the Fellowship Hall.

After a short wedding trip the couple will live in Fort Worth. The bride is a graduate of Hamlin High School and Commercial College in Fort Worth. She is employed as a legal secretary in Fort Worth. Clark, a Certified Public Accountant, is a graduate of the University of Texas.

Women's Forum Hears Program On World Trips

The International Affairs program for Hamlin Woman's Forum was presented Tuesday afternoon at 3 p.m. by Mrs. A. A. Hackley and Mrs. E. E. Monkres.

The women presented colored slides and commentary of their trips throughout the world.

During the business session, with Mrs. Jack Vaughan as president, presiding, the Hamlin Jaycee-ettes were elected to membership in the Forum.

The next meeting will be Nov. 30 at 3 p.m. The Hamlin Garden Club will present the program.

Coaches Wives Honored with Coffee Thursday

Wives of the coaches in Hamlin Public Schools were honored Thursday evening with a coffee in the home of Mrs. Jerry Williams.

Introduced were Mrs. Joe Youngblood, Mrs. Pat Hughes, Mrs. Earnie Reusch, Mrs. Grady Allen and Mrs. Dan True-love.

Co-hostess with Mrs. Williams were Mrs. Lane Fletcher and Mrs. Eddie Offield. Refreshments of cheesecake and coffee were served to twenty guests.

Hackberries harbor many pests.

Ruth Class Meets With Mrs. Lee

The Ruth Sunday School Class of Central Avenue Baptist Church met with Mrs. Harold Lee Tuesday.

Mrs. A. G. Anderson gave the devotional and Mrs. Lee gave the Bible quiz.

Aprons with favorite scriptures were exchanged. Mrs. Henderson Clark gave the closing prayer.

FRESHMEN PRACTICE WITH ANSON THURSDAY NIGHT

TIM JONES PHOTO

STATE CAPITAL

Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

Austin... More than a dozen new state boards, agencies and licensing organizations go into effect this week.

Heading the list of important new agencies are the Coordinating Board, Texas Colleges and Universities to direct the state's higher education system (replacing the Commission on Higher Education) and the new State Board of Mental Health and Mental Retardation. The latter supplants the Board of Texas State Hospitals and Special Schools.

Tuberculosis control functions of the old hospital board go to the State Health Department assisted by a new Tuberculosis Advisory Committee to the State Board of Health.

Among other groups which began functioning September 1 under board reorganization plans ordered by the 59th Legislature are the Texas Water Rights Commission and the Water Development Board.

Legislature also set up an Air Control Board (for air pollution regulation), an Indian Affairs Commission, a Fine Arts Commission, and special licensing organization for pesticide applicators, sanitarians and polygraph examiners.

All have legislative-directed missions in the rapidly-changing scene of a growing state government. Broadest changes in state history are expected of new programs for the hospital and higher education systems under revamped administrative organizations.

Appointments... Gov. John Connally has buckled down to work on the mass of appointments to the many, generally unpaid, state boards and commissions which run these state agencies.

Many of his choices are reappointments, either of his own earlier appointees or those of former Gov. Price Daniel.

Airport Aid... Texas Aeronautics Cession has the difficult task of deciding which of the under-50,000-population towns who have applied for aid will get portions of the \$200,000; authorized under the Texas Airport Aid Program.

Considering these six applicants in most "urgent" need, Commission offered Comanche, \$12,000; Gatesville, \$12,000; Hallettsville, \$10,000; Lampasas, \$8,000; Pineland, \$15,000; and Caldwell, \$10,000.

Thursday the Commission is scheduled to hear applications by Cameron, Clarksville, Post, El Campo, Floydada, Kountze, Hearne, Jacksboro and Port Mansfield.

FPC Asked to Reconsider... Atty. Gen. Waggoner Carr has filed a rehearing motion with the Federal Power Commission on its recent decision to set the area price for old gas in the Permian Basin at 14.5 cents mcf and for new gas well gas at 16.5 cents.

Both the oil industry in the basin and the State had requested a price of not less than 20 cents mcf on all gas.

Carr said the lower ceiling price set by the FPC would "have a direct and material effect on the State's revenue from taxation."

Poll Tax Suit Judges... A three-judge panel has been designed to hear the federal

Wednesday night, and Barbara Tabo of McCaulley, Saturday night. All of the girls attend Commercial College in Abilene.

Eleven Local Girls to Compete In Cotton Festival Queen Contest

Hamlin's participation in the Jones County Fair, Sept. 10-11 will include 11 candidates for the County Cotton Festival Queen title. Winner of the contest will be sent to the state contest at the State Fair.

The local contestants and their sponsors are:

Shelia Stone, McDonald's Department Store; Sue Roddy, Hamlin Farmers' Compress; Kay Hodnett, Hamlin Farmers' Co-op Gin; Judy Jenkins, Bryant Insurance Agency; Sherilynne Witt, Plains Co-op Oil Mill, Hamlin Division; Pat Pope, Frank's Department Store; Glenda Hudspeth, Hamlin Fashion Shop; Donna Compton, Farmers and Merchant National Bank; Lynn Brannon, Heidenheimer's of Hamlin; Margaret Ann Johnson, Feagun Oil Company; and Jane Ferguson, Pied Piper Mills.

Feature events of this year's fair in addition to the Queen Contest, will be a livestock and crop show with a large entry list and an open horse show composed of both halter classes and performances classes.

The livestock show will be held Friday, Sept. 10, with judging of rabbits, poultry and crops slated for 8:30 to 9:30 a.m. Halter classes in the horse division will be judged Saturday beginning at 9 a.m. The performance show will start at 2 p.m. with the youth division flag racing, western pleasure, pole bending, reining and barrel racing and end with similar events in the open division.

The Cotton Queen judging and coronation will be held Saturday evening starting at 7:30 with over 20 contestants to be presented on an outdoor stage. The queen contest will be staged under the direction of Mrs. Brad Rowland and the various candidates will be sponsored by business concerns connected with the cotton industry. FFA chapters, home demonstration clubs and other interested in the growing, processing and marketing of cotton and cotton goods.

Livestock entries, except rabbits and poultry, will be judged by Albert Mayberry of Trent.

Judge for the horse show will be Bill Brewer, it has been announced by Brad Rowland and Jerry Christmas, superintendents. Trophies will be awarded first place winners in halter classes and ribbons through sixth place. Entries will be accepted until the event starts.

The fair parade will be in charge of O. B. Cox of Anson who is inviting all business concerns and organizations in the County to enter units and compete for cash prizes.

"Anything from a goat up will be acceptable," Cox said.

Dotty Albritton, Ronald Buie Plan October Wedding

Mr. and Mrs. W. Henry Albritton are announcing the engagement and approaching marriage of their daughter, Dotty, to Ronald Paul Buie, son of Mr. and Mrs. Dick Buie of Rankin.

The wedding will be Saturday October 2 at 7 p.m. in the First Baptist Church of Hamlin.

The bride-elect is a graduate of Hamlin High School and attended Hardin - Simmons University, Abilene, and Texas Tech, Lubbock.

The prospective bridegroom was graduated from Big Spring High School and Texas Tech, where he was a member of Delta Tau Delta.

The couple will live in Monahan where Buie is employed by Halliburton Oil Co.

Public Hearing Set In Anson on Game and Fish Regulations

A public hearing has been set in Anson Monday, Sept. 13, on Game and Fish Regulations for Jones County under the recent Acts of the 59th Legislature. The hearing is for all hunters, fishermen, landowners and other citizens of the county.

The hearing will be held in the court house at 7:30 p.m.

The 59th Legislature included Jones County in the Regulatory Responsibility Program of the Texas Parks and Wildlife Commission, the laws becoming effective on August 30, 1965. This legislative has received Governor Connally's approval.

The new laws specifically charge the Texas Parks and Wildlife Commission with the responsibility of conducting scientific research on game and fish problems, setting of open seasons, bag limits, and methods of taking wildlife resources in the county or counties involved.

A principal objective of the regulatory responsibility program incorporates adaptability and flexibility to meet emergency such as drought, flood, fire or other causes which may endanger one or more species of wildlife by waste or depletion. The Commission can act in interest of ranchmen, landowners and the hunting and fishing public to conserve the threatened wildlife species.

8.95 Miles Highway Work Completed In Fisher County

Construction work has been completed on 8.95 miles of highway in Fisher County. A contract in the amount of \$296,103.91 was awarded Acme Bridge Co., Inc., of Austin, Texas by the Texas Highway Commission on December 31, 1964 for construction work consisting of two projects.

The project on U. S. Highway 180 is 1.19 miles in length and extends from the west city limit of Roby to the east city limit. The work consisted of grading, flexible base, asphalt concrete pavement and concrete curb and gutter. The completed section is sixty-four feet wide and consists of four twelve foot travel lanes and two eight-foot parking lanes. Cost of this project was \$177,178.73.

The project on F. M. Highway 2830 is 7.76 miles in length and begins at F. M. 611 in Rotan and extends south to U. S. Highway 180, approximately three miles west of Roby. The work consisted of grading, structures, base and surfacing. A concrete median was constructed at the intersection of U. S. Highway 180 to properly channel the traffic. Cost of this project was \$118,925.18.

Nelson Shave, Sr. Resident Engineer of the Texas Highway Department in Hamlin was in charge of the projects while they were under construction.

without waiting for normal Legislative procedure.

The Commission can act also to provide a more lenient cropping of the wildlife resources when research findings indicate an increased harvest is justified and in the interest of proper management.

Residents of Jones County will be informed of the findings from research conducted by game and fish technicians, game wardens and other resource specialists of the Commission. Before the Parks and Wildlife Commission issues the required proclamations containing open seasons, bag limits, and other rules and regulations for harvesting the county's wildlife resources, announced public hearings will be advertised at least ten days prior to the hearing date.

At the public hearing, the proposed regulations will be read and explained to those present by Parks and Wildlife Department personnel. Pertinent questions the public may have will be answered. The full proceedings will be recorded and presented to the Texas Parks and Wildlife Commission when that body meets to prepare regulations for taking game and fish in the affected county.

Although the statutes grant the Commission and Department at least 90 days after the acts become effective in which to "conclude its investigations, hold its hearing, and promulgate its proclamations, rules, regulations and orders," Jones County citizens can be assured that Department technicians are already at work on the program for their area. It is planned that investigations and public local hearing will be completed and proclamations issued within sufficient time to have them in effect for the 1965 hunting season.

The benefits of participation in the regulatory responsibility program, in addition to the assurance that scientific research is set as the basis for management, are many. Under the program, the numbers of the various species can be adjusted to carrying capacity of the range, thereby contributing to the health and well-being of the individual animals and insuring against range damage or destruction.

Son of Former Resident Killed

Raymond Berry Jr., 37, son of Mr. and Mrs. Raymond Berry Sr. of Dallas, was killed Tuesday, Aug. 24, in California when struck by a train while crossing a railroad track.

His father is a former resident of Hamlin and the son had lived here for a time. Burial was in Dallas Aug. 27 following services in a funeral home chapel there.

Survivors are his parents, four sisters and four brothers. Mr. Berry Sr. is a cousin of Mrs. A. G. Miller who attended the funeral.

Keeping Up to Date . . .

Cotton Root Rot is a Killer. Homeowners who find shrubs and ornamentals dying during the warm season may discover a fungal disease at the "root" of their problem.

A disease, cotton root rot which is common to all areas of Texas except the Panhandle and High Plains, is often the cause of these plant deaths, says Kirby Clayton, Jones County Agricultural Agent.

Horne explains that the fungus, *Phymatotrichum omnivorum*, is known to infect 2,000 species of wild and cultivated plants. Infected plants die suddenly after the first symptoms of wilting. The roots decay and when pulled from the soil, the bark of the root slips easily and has woolly strands of the fungus clinging to the surface.

The disease causing organism is capable of slow movement through the soil and can be transmitted to new areas by infected transplants. If a home is built in an area where cotton has been raised, it does not necessarily mean that the plants grown there will have the disease. The fungus must be in the soil and must have conditions suitable for development.

Despite claims to the contrary, there is no satisfactory chemical control for cotton root rot. If the disease has invaded the plants there is no control—chemical or other wise.

Research on the fungus disease dates back to 1886 when L. H. Pammel from Washington University in St. Louis began experiments on this problem in Texas. He discovered that the disease was caused by a fungus but had little luck in controlling it. Research has been carried on in the Rio Grande Valley for 30 years, employing latest scientific agricultural techniques, but no cure has been found.

It is not, however, a lost cause for the homeowners. There are a host of ornamentals, from 30 ft. high trees to small flowers, that are immune to the disease. Since the disease is more prevalent in alkaline soils, it sometimes helps to acidify the soil with materials such as sulphur. These may correct certain situations but none are satisfactory for ever job. The safest and most practical way to avoid the disease is to plant resistant species. A list of these can be found in Extension Service publication L-390, "Cotton Root Rot."

Remember, there is no sure-fire cure for cotton root rot, but it can be avoided or reduced by using resistant plants. Once the plants become infected, death is sudden and there is no cure.

Mr. and Mrs. Chub Hardwick and family attended a Hardware Show in San Angelo on Sunday.

Visiting the Baptist Church Sunday morning was Mr. O'Neil of Odessa. We had a good group Sunday for services. Also visiting was Bryant Meeks of Sweetwater.

We shall be making almost daily visits to the north side of town to check on the progress of Homer and Opel's new house. The Pursleys have been living east of town on their farm.

Four from Here Register at Cisco

Four Hamlin boys have pre-registered for the fall semester at Cisco Junior College according to information released by Leo Hatten, registrar.

Some 200 students have pre-registered and a record enrollment of 650 students is anticipated by the college. Preregistration will continue until Sept. 11 and official registration will be September 13-14. The boys and their parents are Jimmy F. Haught, Mr. and Mrs. A. F. Haught; Dannie Parker Maberry, Mr. and Mrs. J. W. Maberry; Charles Prewitt, Mr. and Mrs. L. E. Prewitt; Cliff Wayne Sharer, Mr. and Mrs. Vernon L. Sharer.

Guests in the home of Mr. and Mrs. Clyde Lewis last week were her sister and family, Mr. and Mrs. Joe Mehl, Susan, Sandra, and Terri from Breckenridge, Minnesota; her brothers, Ray Jones of Tokio, Texas; Travis Jones of Plains, Texas; Mr. and Mrs. D. E. Livengood, Melanie, Eloise and Donald, Mrs. Beatrice Livengood all of Haskell; Mr. T. W. Jones and Bill of Abilene and Mr. and Mrs. L. B. Baker.

The wheeled chariot made the Sumerian army invincible until the Syrians also adopted the device.

weight of her calf also increases. In one test, the pounds of milk per cow ranged from five pounds daily for one test group, to eight pounds daily for the highest test group. The adjusted 205 day weaning weight of the calves from the five-pound cows was 424 pounds while the weight of the calves from the eight-pound cows was 537 pounds. The conclusion is evident: calves from the cows with high milk production will have a higher weaning weight, and crossbred cows have the higher milk production.

Calf Barn Plans Now Available

Plans are now available for a small open-front barn which is 48 feet wide and gives ample housing for 10 calves. The plan was recently released thru the U. S. Department of Agriculture's Farm Buildings Plan Exchange.

It has three features:

1. Individual pens for each calf. The pens are 4 feet wide, 8 feet deep, and are separated by solid partitions 4 feet high.
2. Enclosed feed room has concrete floor, pen floors are tamped clay.
3. Removable double feed racks are hung on alternate partitions.
4. Overhanging shed roof protects the open-front side.
5. Hinged panels in rear wall may be opened for additional ventilation in hot weather.

The slatted pen fronts and most partitions may be removed for cleaning with power equipment. Although the use of water buckets is indicated, automatic drinking cups could be installed along the rear wall. Working drawings of Plan No. 5970 are available from Kirby Clayton, County Extension Agent.

HOW TO FREEZE EGGS

Now's the time to consider freezing a few eggs, suggests Mrs. Mary Y. Newberry, Jones County Home Demonstration Agent.

Frozen whole eggs are handy for scrambling or for cooking and baking. Be sure you use eggs of the highest

quality, she says. Prepare the eggs quickly, then freeze promptly. Here's how to do it: Break the eggs into a bowl. Stir slowly to blend yolk and white. Do not beat. Put blended eggs through a food mill or medium-mesh strainer. For each cupful of eggs, add 1-2 tablespoon corn sirup or sugar - for eggs you will use in cakes and cookies - or 1-2 teaspoon salt - for eggs you will use in scrambling. This prevents the eggs from becoming gummy, the home demonstration agent explains. Now place the prepared eggs in rigid moisture-proof containers. Put in each container only as much egg as you will use at one time. Five large eggs make one cup.

Allow a half-inch space for expansion at the top of each half-pint or wide-top pint container; three-fourths inch in narrow-top containers. You are ready to seal and freeze the eggs at 0 degrees or lower. Stored at this temperature, the eggs will retain their quality for 9 to 12 months, say U. S. Department of Agriculture home economist.

Low Cost House

A plan, providing 960 square feet of living space is a good three-bedroom house for your money and adds space for one automobile and outdoor storage.

Besides the three bedrooms, the plan features a kitchen-dining area designed as one large room, with an L-shaped working area. The living room adjoins. There are two rear entrances, one from the carport into the kitchen; the other from what might be the garden side of the house into the dining space.

The water heater and washing machine are handy to the bathroom.

This plan is well within limits proposed by the Farmers Home Administration for construction loans.

Working drawings of this plan No. 7168 can be obtained free from Kirby Clayton, County Agent.

The area of the bays between the mainland coast of Texas and the long barrier islands offshore is 3,460 square miles.

WORLD WIDE INTEREST

Many good organizations are working with our youngsters, developing an interest in other lands and the ones who dwell there. The church through God's word also teaches us about our neighbors and what our attitude should be toward them. *The earth is the Lord's and the fulness thereof; the world, and they that dwell therein.*

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Nosey Neighbor...

Another school term is underway as students began classes here Monday. In a good many of the classes, especially in high school, there are more students than they have facilities for. The teachers and the administration are doing a good job of working out schedules and making changes in meeting places for classes to serve the students better.

The old gym was converted during the summer into two classrooms and a study hall. Some changes may have to be made there or some students may hear two lectures at the same time.

With school starting most of us are ready to get back on a regular schedule. Also there is an increase in activ-

ities for the school and also for the community during this time.

This week we start again with our column of coming events and would like to urge everyone who would like to have a club meeting or other event listed in this space to call the Herald office and give us the date, time and place.

Some unusual telephone conversations happened last week when a small problem in the dialing system in the local plant enabled three-way conversations. One day I started to dial a number and realized that there was a conversation on the line. It seems that this happened to several people in town and some talk-

ed to two people at the same time.

This is very unusual. It seems that it only happened on a certain series of numbers. It has now been corrected.

The cooler temperature Wednesday morning reminds us of football weather. Usually it is warm for the first football game but I think I might take a sweater Friday night just in case. Remember Olney last year?

The Pipers open the season at Rotan and may we remind everyone that it will be the beginning of the Labor Day week end and traffic may be a little heavy. Although it is not far to Rotan, do not relax your careful driving habits. Many accidents happen only a short distance from home.

'Operation Motorcade' to Help Lower Labor Day Traffic Deaths

"Operation Motorcade" will be conducted as a special emphasis program to combat carelessness and willful traffic law violations during the Labor Day Weekend from 12:01 a.m., September 4th, through 11:59 p.m., September 6th. The DPS will use every means at its disposal to reduce traffic accidents." Said Major Leo E. Gossett, Commander of the 49 county Midland Region of the Department of Public Safety.

"The traffic violations that will contribute to the majority of the 35 traffic deaths over the Labor Day weekend will be what our patrolmen will be watchful for. All uniformed enforcement personnel will be

assigned traffic duties during this 3 day holiday in an effort to keep this estimate from becoming a reality. Many public service organizations will participate in an effort to reduce death and injury during this period." Gossett stated.

If you are planning a holiday trip, may we remind you the most common violations that contribute to traffic accidents are: failure to yield right of way, exceeding a safe speed, failure to stop or turn in time, driving while intoxicated, and driving on the wrong side of the road. May we urge you to be a careful, alert defensive driver and not become involved in an acci-

dent. A defensive driver does not commit these violations, neither does he become involved in an accident when other drivers commit them." Gossett reminded.

Michael Brandon Aboard Carrier

Radarman Seaman Michael S. Brandon, USN, son of Mr. and Mrs. Ollis E. Brandon of 549 N. W. Avenue C, is serving aboard the attack aircraft carrier USS Midway, operating in the South China Sea.

Operating as a unit of Task Force 77, composed of four other attack aircraft carriers and escorting destroyers, Midway has been conducting air strikes against bridges, supply depots, air fields truck convoys, and other military installations in North Viet Nam and Viet Cong concentrations in the South.
